best software and resources the book also features a guide to specifications software for whole school support and a useful glossary of key terms Key topics covered include Organising and delivering the ICT National Curriculum at key stages 3 and 4 and post 16 Teaching and learning with VLEs IWBs social networking and mobile technologies Assessment record keeping and reporting Popular hardware software and networks External assessment target setting and tracking Managing technical support and technicians Preparing for promotion and managing an ICT department Strategies for whole school management of ICT Written for trainee and experienced ICT teachers and managers in both English and international schools The ICT Teacher's Handbook is an authoritative guide designed to support effective teaching and learning and efficient use of technology in all schools

Understanding Assessment David Lambert, David Lines, 2013-04-15 This is the first title in this new series which is aimed principally at secondary PGCE and BAEd students and school and HEI based tutors Each book provides a digest of the central issues around a particular topic or issues grounded in or supported by examples of good practice with suggestions for further reading study and investigation The books are not intended as how to books but rather as books which will help students and teachers to explore and understand critical theoretical issues in ways that are challenging that invite critical reappraisals of taken for granted practices and perceptions and that provide appropriate links between theory and practice Issues related to equal opportunities and special needs are included in each separate volume There are boxes of questions think abouts further reading and bulleted summary lists for the reader This book is written specifically for teachers in training which will clarify the big picture of monitoring and assessment and makes the crucial distinctions in this large and still taken for granted field The authors have written widely on assessment matters and have also worked in various capacities for the QCA and its former manifestations They are also engaged in initial teacher education and so know the level and market extremely well

Secondary History in Action Catherine Priggs, Hugh Richards, David Hibbert, Elizabeth Carr, 2025-06-06 Drawing on over 60 years combined experience of history teaching and history curriculum leadership Carr Hibbert Priggs and Richards explore ways to make history memorable engage students in historical thinking and secure excellent outcomes for all Their perspective is grounded in history's disciplinary distinctiveness and a vision for its purpose in students education The authors of *Secondary History in Action* articulate practical approaches to history curriculum design ways to teach disciplinary history in the classroom and methods to assess students knowledge and understanding They draw together recent research and established traditions in history teaching discourse in a coherent summary that will be helpful to trainee and beginning teachers non specialist teachers of history subject leaders and senior leaders line managing history departments

Debates in Geography Education Mark Jones, David Lambert, 2017-09-07 *Debates in Geography Education* encourages early career teachers experienced teachers and teacher educators to engage with and reflect on key issues concepts and debates It aims to enable readers to reach their own informed judgements with deeper theoretical knowledge and understanding The second edition is fully updated in light of the

latest research policy and practice in the field as well as key changes to the curriculum and examination specifications Expert contributors provide a range of perspectives on international historical and policy contexts in order to deepen our understanding of significant debates in geography education Key debates include geography's identity as an academic discipline what constitutes knowledge in geography places and regional geography what it means to think geographically constructing the curriculum how we link assessment to making progress in geography the contribution of fieldwork and outdoor experiences technology and the use of Geographical Information school geography and employability understanding the gap between school and university geography evidence based practice and research in geography education The comprehensive rigorous coverage of these key issues together with carefully annotated selected further reading will help support and shape further research and writing Debates in Geography Education is a key resource that is essential reading for all teachers and researchers who wish to extend their grasp of the place of geography in education Mark Jones is Senior Lecturer in Education at the University of the West of England Bristol UK David Lambert is Professor of Geography Education at UCL Institute of Education London UK

The Great University Gamble Andrew McGettigan, 2013-04-05 In 2010 the UK government imposed huge cuts and market driven reforms on higher education Proposals to raise undergraduate tuition fees lead to angry student led protests What will become of higher education under this new policy regime The Great University Gamble outlines the architecture of the new frontier for higher education surveying the financial and policy details Andrew McGettigan asks the big questions What will be the role of universities within society How will they be funded What kind of experiences will they offer students Where does the public interest lie With privatisation infringing on our universities and colleges education is threatened with transformation from a public good into a private individual financial investment
