**Brendan G. Carr**

### **Time S Potential Power Parables 134:**

Parables for Our Time Tania Oldenhage, 2010-04-10 Over the centuries New Testament texts have often been read in ways that reflect and encourage anti-Semitism. For example, the parable of the wicked husbandmen who kill the son of their landlord in order to seize the land has been used to blame the Jews for the death of Christ. Since the Holocaust, Christian scholars have increasingly recognized and rejected this inheritance. In *Parables for Our Time*, Tania Oldenhage seeks to fashion a biblical hermeneutics that consciously works with memories of the Holocaust. New Testament scholars have not directly confronted the horror of Nazi crimes, Oldenhage argues, but their work has nonetheless been deeply affected by the events of the Holocaust. By placing twentieth-century biblical scholarship within its specific historical and cultural contexts, she is able to trace the process by which the Holocaust gradually moved into the collective consciousness of New Testament scholars both in Germany and in the United States. Her focus is on the scholarly interpretation of the parables of Jesus. She sets the stage with the work of Wolfgang Harnisch, who exemplifies the problems surrounding Holocaust remembrance in the Germany of the 1980s and 1990s. She then turns to Joachim Jeremias's eminent work on the parables, first published in 1947. Jeremias's anti-Jewish rhetoric, she argues, should be understood not only as a perpetuation of an age-old interpretive pattern but as representative of German difficulties in responding to the Holocaust immediately after the war. Oldenhage goes on to explore the way in which Jeremias's approach was challenged by biblical scholars in the U.S. during the 1970s. In particular, she examines the turn to literature and literary theory exemplified in the works of John Dominic Crossan and Paul Ricoeur. Nazi atrocities became part of the cultural reservoir from which Crossan and Ricoeur drew; she shows, although they never engaged with the historical facts of the Holocaust. In conclusion, Oldenhage offers her own reading of the parable of the wicked husbandmen, demonstrating how the turn from historical to literary criticism opens up the text to interpretation in light of the Holocaust. If the parables are to be meaningful in our time, she contends, we must take account of the troubling resonances between these ancient Christian stories and the atrocities of Auschwitz.

**Time in Contemporary Intellectual Thought** P.J.N. Baert, 1999-12-09 In this book, fifteen authors from a wide spectrum of disciplines, ranging from the natural sciences to the arts, offer assessments of the way time enters their work, the definition and uses of time that have proved most productive or problematic, and the lessons their subjects can offer for our understanding of time beyond the classroom and laboratory walls. The authors have tried, without sacrificing analytical rigour, to make their contribution accessible to a cross-disciplinary readership. Each chapter reviews time's past and present application in its respective field, considers the practical and logical problems that remain, and assesses the methods researchers are using to escape or resolve them. Particular attention is paid to ways in which the technical treatment of time for problem solving and model building around specific phenomena call on or clash with our intuitive perceptions of what time is and does. The spans of time considered range from the fractions of seconds it takes unstable particles to disintegrate to the millions of years required for one species to give way

to another Like all central conceptual words time is understood on several levels By inviting input from a broad range of disciplines the book aims to provide a fuller understanding of those levels and of the common ground that lurks at their base Much agreement emerges not only on the nature of the problems time presents to modern intellectual thought but also on the clues that recent discoveries may offer towards possible solutions      **The Parables in Q** Dieter Roth,2018-05-17 Few New Testament topics have been discussed as often and as intensely as Q the hypothesized second major source alongside the gospel of Mark for the gospels of Matthew and Luke and the parables And yet no monograph to date has been devoted to considering the parables in Q In addition to filling this gap in New Testament scholarship Dieter T Roth addresses the need to move scholarship on both Q and the parables forward along methodological and interpretive lines Roth considers Q not as a text behind Matthew and Luke that needs to be reconstructed but rather as an intertext between Matthew and Luke that offered plots characters and images in parables that were taken up by Matthew and Luke and utilized in their own respective texts In addition Roth draws on recent parables research in his examination of the 27 parables in Q two spoken by John the Baptist one by the Centurion and 24 by Jesus in order to consider their purpose and function in this early Christian text

The Presidency in Times of Crisis and Disaster Brian M. Harward,2019-11-15 This resource uses primary documents and contextualizing essays to illuminate how America s presidents have responded to major tests of their leadership and approached their role and responsibilities in times of national crisis Presidents hold the attention of the public like no other political actor In addition because of their unique role in the constitutional system presidents often take immediate unilateral action in the face of national emergencies Exploring key events crises and disasters through the lens of presidential responsiveness this text reveals not only the larger historical context but also the authority of presidents in meeting the felt necessities of the time deepening readers understanding of those touchstone events Comprehensive in temporal and topical scope the book covers crises and disasters from the presidency of George Washington through Donald Trump s first two years in office Important events covered include natural disasters wars assassinations terrorist attacks mass shootings economic crises riots tragedies and political scandals Each event is explored through a primary document that reveals key dimensions of the presidential response to the crisis or disaster in question and contextual headnotes and essays that provide additional insights into the political economic and cultural contexts in which that event occurred and to which the president responded      **Wells Meets Deleuze** Michael Starr,2017-06-14 The writings of H G Wells have had a profound influence on literary and cinematic depictions of the present and the possible future and modern science fiction continues to be indebted to his scientific romances such as The Time Machine The War of the Worlds and The Island of Doctor Moreau Interpreted and adapted for more than a century Wells s texts have resisted easy categorization and are perennial subjects for emerging critical and theoretical perspectives The author examines Wells s works through the post structuralist philosophy of Gilles Deleuze Via this critical perspective concepts now synonymous with science fiction such as time travel alien invasion and

transhumanism demonstrate the intrinsic relevance of Wells to the genre and contemporary thought      **The Works of Jonathan Edwards: Volume I – IV Revised** Jonathan Edwards,      **The Global Times** Pasquale De Marco, 2025-05-03

Journey through the annals of human history in this captivating volume that spans from ancient civilizations to the modern era Discover the rise and fall of empires the birth of new ideas the clash of cultures and the indomitable spirit of humanity Witness the ingenuity of ancient civilizations as they construct awe inspiring structures develop intricate systems of writing and make groundbreaking scientific discoveries Follow the intrepid explorers who set sail across uncharted waters driven by a thirst for knowledge and adventure Stand alongside the great leaders and visionaries who have shaped the course of history and bear witness to the struggles and sacrifices of ordinary people who have fought for justice equality and a better future Delve into the complexities of human nature examining the forces that drive us to both love and hate to create and destroy to cooperate and compete Explore the relationship between the individual and society the tension between tradition and innovation and the delicate balance between freedom and order This book is not merely a chronicle of events it is an invitation to reflect on the human experience in all its richness and diversity Through the stories of individuals and communities gain a deeper understanding of ourselves our place in the world and the challenges and opportunities that lie ahead Discover that the human story is one of resilience adaptation and hope It is a story that reminds us of our common bonds our shared struggles and our collective potential to build a better world for ourselves and for generations to come If you like this book write a review on google books      **Ancient Times: Discoveries and Stories** Pasquale De

Marco, 2025-04-14 Embark on a captivating journey through the annals of time with Ancient Times Discoveries and Stories an enthralling exploration of the origins of civilization the rise and fall of empires and the enduring legacy of human curiosity and innovation This comprehensive volume delves into the lives of extraordinary individuals unveils the secrets of ancient civilizations and celebrates the richness and diversity of human experience From the majestic pyramids of Egypt to the enigmatic ruins of Machu Picchu this book transports readers to the heart of ancient civilizations revealing the stories behind their rise their achievements and their eventual decline Discover the secrets of Mesopotamia the birthplace of writing and mathematics unravel the mysteries of the Indus Valley Civilization and witness the splendor of ancient China the cradle of dynasties and philosophical thought Beyond the grand narratives of empires and civilizations Ancient Times Discoveries and Stories shines a light on the lives of ordinary people whose experiences and struggles shaped the course of history Meet the artisans the merchants the farmers and the soldiers who built and sustained these ancient societies Learn about their daily lives their beliefs and their aspirations and gain a deeper understanding of the human condition across time and cultures This book is not merely a collection of historical facts and figures it is an exploration of the human spirit a celebration of our capacity for creativity resilience and innovation Through captivating stories and vivid descriptions it brings the past to life allowing readers to experience the wonder and awe of ancient discoveries the drama and intrigue of courtly politics and the

timeless wisdom of philosophers and scholars With its engaging narrative style and accessible approach *Ancient Times Discoveries and Stories* is the perfect companion for anyone fascinated by history culture and the human experience Whether you are a seasoned history buff or simply curious about the world around you this book will captivate your imagination and leave you with a newfound appreciation for the rich tapestry of human history Join us on this extraordinary journey through time and discover the enduring legacy of ancient civilizations the pivotal moments that shaped the modern world and the aspirations that drive us towards an unknown future *Ancient Times Discoveries and Stories* is an essential read for anyone who seeks to understand the roots of our present and glimpse the possibilities of our future If you like this book write a review on google books

*Another Science is Possible* Isabelle Stengers,2018-03-16 Like fast food fast science is quickly prepared not particularly good and it clogs up the system Efforts to tackle our most pressing issues have been stymied by conflict within the scientific community and mixed messages symptomatic of a rushed approach What is more scientific research is being shaped by the bubbles and crashes associated with economic speculation and the market A focus on conformism competitiveness opportunism and flexibility has made it extremely difficult to present cases of failure to the public for fear that it will lose confidence in science altogether In this bold new book distinguished philosopher Isabelle Stengers shows that research is deeply intertwined with broader social interests which means that science cannot race ahead in isolation but must learn instead to slow down Stengers offers a path to an alternative science arguing that researchers should stop seeing themselves as the thinking rational brain of humanity and refuse to allow their expertise to be used to shut down the concerns of the public or to spread the belief that scientific progress is inevitable and will resolve all of society's problems Rather science must engage openly and honestly with an intelligent public and be clear about the kind of knowledge it is capable of producing This timely and accessible book will be of great interest to students scholars and policymakers in a wide range of fields as well anyone concerned with the role of science and its future

**"He Changes Times and Seasons"** Marius Nel,2017 Pentecostal interpretation of biblical texts starts with the reader experiencing the revelation of the Spirit in the biblical narrative and leads to the reader witnessing about the spiritual experience in terms that is reminiscent of the biblical narrative Their experience is formed by the expectation that what people in biblical times experienced is to be repeated today Pentecostals engage in narrative theology based on and described in terms of the narrative texts in the Bible This book suggests that in their exegetical labors Pentecostals should consider utilizing the results of an historical analysis combined with a functional and semiotic analysis to interpret narrative texts These methods are described then demonstrated using Daniel 1 and 2 Series Theology in Africa Vol 8 Subject Religious Studies African Studies Pentecostalism Christian Studies
