Summary of Myla Kabat-Zinn & Jon Kabat-Zinn's Everyday Blessings Everest Media, 2022-05-15T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 Parenting is one of the most difficult and stressful activities on the planet and yet it is also one of the most important as it impacts the heart and soul of the next generation and their experience of meaning and connection 2 As parents we are tasked with the difficult and challenging job of raising children We take on this task without a salary often unexpectedly at a young and inexperienced age or under conditions of economic strain and insecurity 3 If we are constantly pressed for time we may be out of touch with the richness of the present moment We may be assuming that what we do is okay as long as we have love for our children and desire for their well being 4 The challenges and calling of parenthood can lead to the breaking down of barriers in our own minds and hearts which can lead to sadness missed opportunities hurt resentment blame and ultimately isolation and alienation on all sides

Contemplation and Counseling P. Gregg Blanton, 2019-04-02 Can contemplative prayer be integrated into therapeutic work Building an alliance between science theology and Christian contemplative thought Gregg Blanton presents a new paradigm for integrating contemplative prayer with counseling practice This practical resource offers eleven fundamental interventions to fit the needs of clients and a practical four stage process for helping clients change

Agitation with a Smile Stephen Bird, Adam Silver, Joshua C. Yesnowitz, 2015-11-17 Agitation with a Smile offers a reappraisal of Howard Zinn's political thought and situates his efforts in a contemporary context looking toward the nature of activism and dissent in the future This is the first book to provide a substantive account and assessment of Zinn's philosophy and approach to collective action and to a larger extent democracy The contributors to this book explore the most effective mechanisms by which to arouse public support for seemingly radical positions and how current technological advancements may alter our perception of Zinn's activism The book is a valuable guide to a new generation of activists and scholars of politics in gauging the lasting relevance and legacy of Zinn's ideals concepts and methodology The text is neither fawning nor unduly critical unlike many discussions of Zinn in popular culture Rather the contributors engage

the various complexities and tensions present throughout Zinn's work and subject them to contemporary assessment This is a multidisciplinary and international approach to Howard Zinn's intellectual and activist canon **McGraw-Hill's SAT**

Prescribing the Dharma Ira Helderman, 2019-02-08 Interest in the psychotherapeutic capacity of Buddhist teachings and practices is widely evident in the popular imagination News media routinely report on the neuropsychological study of Buddhist meditation and applications of mindfulness practices in settings including corporate offices the U S military and university health centers However as Ira Helderman shows curious investigators have studied the psychological dimensions of Buddhist doctrine for well over a century stretching back to William James and Carl Jung These activities have shaped both the mental health field and Buddhist practice throughout the United States This is the first comprehensive study of the surprisingly diverse ways that psychotherapists have related to Buddhist traditions Through extensive fieldwork and in depth interviews with clinicians many of whom have been formative to the therapeutic use of Buddhist practices Helderman gives voice to the psychotherapists themselves He focuses on how they understand key categories such as religion and science Some are invested in maintaining a hard border between religion and psychotherapy as a biomedical discipline Others speak of a religious secular binary that they mean to disrupt Helderman finds that psychotherapists' approaches to Buddhist traditions are molded by how they define what is and is not religious demonstrating how central these concepts are in contemporary American culture **Rethinking America's Past** Robert Cohen, Sonia E.
