Parliament. House of Commons, 1879 Mfecane Aftermath Carolyn Hamilton, 1995 The idea that the period of social turbulence in the nineteenth century was a consequence of the emergence of the powerful Zulu kingdom under Shaka has been written about extensively as a central episode of southern African history Considerable dynamic debate has focused on the idea that this period the mfecane left much of the interior depopulated thereby justifying white occupation One view is that the time of troubles owed more to the Delagoa Bay Slave trade and the demands of the labour hungry Cape colonists than to Shaka's empire building But is there sufficient evidence to support the argument The Mfecane Aftermath investigates the very nature of historical debate and examines the uncertain foundations of much of the previous historiography **Zambezia**, 1980 **The People's Paper** Peter Limb, 2012-09-01 This much awaited volume uncovers the long lost pages of the major African multilingual newspaper Abantu Batho Founded in 1912 by African National Congress ANC convenor Pixley Seme with assistance from the Swazi Queen it was published up until 1931 attracting the cream of African politicians journalists and poets Mqhayi Nontsisi Mqgweth and Grendon In its pages burning issues of the day were articulated alongside cultural by ways The People's Paper comprising both essays and an anthology explores the complex movements and individuals that emerged in the almost twenty years of its publication The essays contribute rich new material to provide clearer insights into South African politics and intellectual life The anthology unveils a judicious selection of never before published columns from the paper spanning every year of its life and drawn from repositories on three continents Abantu Batho had a regional and international focus and by examining all these dynamics across boundaries and disciplines The People's Paper transcends established historiographical frontiers to fill a lacuna that scholars have long lamented **The Anglo-Zulu War, 1879**, 2000 *University of British Columbia Working Papers in Linguistics*, 2001 **Argument Licensing and Agreement** Claire Halpert, 2016 This book presents a novel account for some unusual properties of Bantu grammar arguing that Zulu has a robust system of syntactic and morphological case This analysis illuminates a number of other properties in Zulu grammar showing that despite surface unfamiliarity its syntax is deeply similar to more familiar languages *The Anglo-Zulu War* Andrew Duminy, Charles Ballard, 1981 In 1879 news of the Zulu victory at Isandlwana reverberated around the world A century later modern scholars are still reassessing the causes of the Anglo Zulu War and its impact upon Zulu society southern Africa and the British Empire The new perspectives collected in this book represent a variety of historical interpretations They will be welcomed by all who have an interest in Natal and Zulu history as well as by those who are curious about recent trends in historical debate African Arts, 2001 **Journal**

of Natal and Zulu History ,1985 **The Construal of Space in Language and Thought** Martin Pütz,René Dirven,2011-07-11 No detailed description available for The Construal of Space in Language and Thought **The Missionary Herald** ,1905 Vols for 1828 1934 contain the Proceedings at large of the American Board of Commissioners for Foreign Missions **Proceedings and Transactions - Rhodesia Scientific Association** Rhodesia Scientific Association,1907 **The South African Journal of Communication Disorders** ,2007 *Afrika und Übersee* ,1962 *The Black Abolitionist Papers* C. Peter Ripley,Roy E. Finkenbine,2000-11-09 The passage of the Fugitive Slave Law more than any other event in the 1850s provoked a widespread emotionally charged reaction among northern blacks Entire communities responded to the law that threatened free blacks as well as fugitive slaves with arbitrary arrest and enslavement This volume pays particular attention to black resistance through such community efforts as vigilance committees and the underground railroad This five volume documentary collection culled from an international archival search that turned up over 14 000 letters speeches pamphlets essays and newspaper editorials reveals how black abolitionists represented the core of the antislavery movement While the first two volumes consider black abolitionists in the British Isles and Canada the home of some 60 000 black Americans on the eve of the Civil War the remaining volumes examine the activities and opinions of black abolitionists in the United States from 1830 until the end of the Civil War In particular these volumes focus on their reactions to African colonization and the idea of gradual emancipation the Fugitive Slave Law and the promise brought by emancipation during the war **Cleft Structures** Katharina Hartmann,Tonjes Veenstra,2013-11-15 The phenomenon of clefts is beyond doubt a golden oldie It has captivated linguists of different disciplines for decades The fascination arises from the unique syntax of clefts in interaction with their pragmatic and semantic interpretation Clefts structure sentences according to the information state of the constituents contained in them They are special as they exhibit a rather uncommon syntactic form to achieve the separation of the prominent part either focal or topical from the background of the clause Despite the long lasting interest in clefts linguists have not yet come to an agreement on many basic questions The articles contained in this volume address these issues from new theoretical and empirical perspectives Based on data from about 50 languages from all over the world this volume presents new arguments for the proper derivation of clefts and contributes to the ongoing debate on the information structural impact of cleft structures Theoretically it combines modern syntactic theorizing with investigations at the interface between grammar and information structure
