Right to Development and Illicit Financial Flows from Africa Serges Djoyou Kamga,Gerard Emmanuel Kamdem Kamga,Arnold Kwesiga,2024-02-15 Gerard Emmanuel Kamdem Kamga Serges Djoyou Kamga and Arnold Kwesiga explore a relatively new phenomenon namely referred to as illicit financial flows that aim to impoverish the African continent and prevent its economic development There is a direct relationship between illicit financial flows and failed initiatives to realize the right to development on the continent For instance in 2016 Africa received 41 billion towards public development while

50 billion left the continent through illicit financial flows The gap between recent economic achievements on the continent and its state of generalized underdevelopment coupled with rampant poverty corruption prolonged economic crisis and political instabilities signals an issue with resource allocations The systematic theft of resources by multinational corporations and criminal networks is a hard blow to the idea of people driven development in line with the Pan African vision of an integrated prosperous and peaceful Africa proclaimed by Agenda 2063 Right to Development and Illicit Financial Flows from Africa Dynamics Perspectives and Prospects provides insights into the dynamics and perspectives on illicit financial flows and its dire impacts on the right to development and development initiatives across the continent Getting Global Monetary Policy on Track Michael D. Bordo, John B. Taylor, John H. Cochrane, 2025-03-01 Based on the 2024 Monetary Policy Conference held at the Hoover Institution at Stanford University Getting Global Monetary Policy on Track reviews recent global inflation asking how central banks could have better responded and how they can improve their forecasting and policy strategies to avoid inflationary bursts in the future Discussions delve into the interactions of fiscal and monetary policies digital currency and how the European Central Bank has become more dovish preferring to keep interest rates low The publication shares the presentations from economic experts around the globe who contribute analysis of monetary policy and strategy from Asia Europe Latin America and the United States in large economies and in emerging markets It also reproduces the lively and informative discussions at the conference Essays on financial regulation examine asset value and equity levels in the US banking system Treasury market turmoil Federal Reserve independence the 2023 UK pension fund meltdown and regulatory expansion Additional topics include labor market responses to the surge in remote work how Israel handled financial shocks following the 2023 Hamas attack and continued fallout from the COVID 19 pandemic the supply fiscal and relative demand shocks of the pandemic and how central banks handled postpandemic inflation

Environmental Impacts of Transnational Corporations in the Global South Paul Cooney, William Sacher, 2018-11-30 This volume explores the impact of Transnational Corporations TNCs on the environment of the Global South during this period of neoliberal globalization It develops themes around transnational extractive activity the impact of transnational capital on indigenous populations and the role played by international institutions **Turning Promises Into Action**, 2018 More than two years into the life of the 2030 Agenda for Sustainable Development this report calls for dramatic advances in statistics financing and policies for gender equality as well as more determined steps towards democratic governance and accountability Based on robust data and expert analysis the report takes stock of where we stand on key aspects of gender equality globally tells us what is needed to monitor progress meaningfully and provides wideranging recommendations for change **Go Back to Where You Came From** Sasha Polakow-Suransky, 2017-10-16 From Europe to the United States and beyond opportunistic politicians have exploited economic crisis terrorist attacks and an influx of refugees to bring hateful and reactionary views from the margins of political discourse into the corridors of power This

climate has already helped propel Donald Trump to the White House pushed Britain out of the European Union and put Marine Le Pen within striking distance of the French presidency Sasha Polakow Suransky's on the ground reportage and interviews with the rising stars of the new right tell the story of how we got here tracing the global rise of anti immigration politics and the ruthlessly effective rebranding of Europe's new far right as defenders of Western liberal values *Go Back to Where You Came From* is an indispensable account of why xenophobia went mainstream in countries known historically as defenders of human rights and models of tolerance

Gender, Unpaid Work and Care in India Ellina

Samantroy, Subhalakshmi Nandi, 2022-05-09 This book explores the paradox of women's paid and unpaid work in India. It examines key themes including historical discourses, macroeconomic policies, employment trends, issues of tribal areas, public services and infrastructure, climate change and gendered migration and vulnerability of girl children. It highlights the play of gender norms, resource rights, identities and agency in women's work. Building on feminist theoretical frameworks and empirical analyses from microstudies, the volume offers fresh perspectives for research and policy on women's work in the Global South. A timely intervention, this multidisciplinary book will be useful to scholars and researchers of political economy, labour studies, women's gender studies, public policy, economics, development studies, sociology, South Asian studies and Global South studies. It will interest planners, policymakers, gender advocates, civil society organisations, human rights bodies and international organisations working towards ensuring gender equality and women's rights.

Cyclones

in Southern Africa Godwell Nhamo, Kaitano Dube, 2021-07-24 The subject of tropical cyclones in Southern Africa, also known as hurricanes or typhoons in other regions of the world, has been growing over the past few decades. However, there is still limited literature on foundational and fundamental topics on the matter. To this end, this book addresses this gap, citing some examples from both historic and recent tropical cyclones. The book presents meteorological and climatic aspects of tropical cyclones, including reviews on forecasting, warning message dissemination and public response aspects of early warning systems, with a focus on the Tropical Cyclones Idai. Idai and Kenneth Fundamentals in disaster risk reduction (DRR) are also discussed, moving from the provisions of the Hyogo Framework for Action 2005-2015 to the Sendai Framework for Disaster

Risk Reduction 2015 2030 Climate change issues are central to the publication as well as the role of information and communication technologies in DRR and management The book also tackles some challenges and opportunities associated with the implementation of regional legal and institutional frameworks on DRR The book comes as part of a series with three volumes The other volumes include Cyclones in Southern Africa Vol 1 Interfacing the Catastrophic Impact of Cyclone Idai with SDGs in Zimbabwe and Cyclones in Southern Africa Vol 3 Implications for the Sustainable Development Goals To this end this book is suitable as a read for several professionals and disciplines such as tourism and hospitality studies economics sustainable development development studies environmental sciences arts geography life sciences politics planning and public health
