A Non-Technical Guide to International Accounting Roger Hussey, Audra Ong, 2019-11-08 Business has become more international and more complex Whether you are a manager a student or someone generally interested in corporate financial information you want information and you want to understand that information Companies in all countries are required to generate financial information if for no other reason than to settle their tax obligations If you are interested in the larger companies such as those listed on a stock exchange they must make financial information public and the nature and type of that information is strictly regulated Companies must comply with accounting standards Many countries use the International Accounting Standards issued by the IFRS Foundation This is a not for profit international organization that has developed a single set of high quality global accounting standards These standards can be complex but this book explains clearly the main requirements

Digital Financial Inclusion David Mhlanga, 2022-10-31 This book is unique in that it challenges scholarly views on financial inclusion and poverty reduction while also relating financial inclusion and poverty reduction to the Fourth Industrial Revolution The book deviates from the usual method of analyzing financial inclusion which relies on bank accounts or microcredit as success criteria and instead discusses how the Fourth Industrial Revolution is facilitating digital financial inclusion With a five fold goal this book investigates both past and present readings and understandings of poverty and financial inclusion To begin it provides a thorough introduction to the Fourth Industrial Revolution and financial inclusion in the context of the Fourth Industrial Revolution Second the book dives quite extensively into the theories of financial inclusion in the context of the Fourth Industrial Revolution Third the book reconstructs the theory of financial inclusion moving from traditional to digital financial inclusion highlighting the role of digital financial inclusion in the transition from an informal financial money market to a formal financial system The fourth goal is to evaluate the tools and effects of digital financial inclusion on poverty Finally it provides case studies of digital financial inclusion and the future of digital financial inclusion in emerging and developing countries This book will be of interest to academics students and practitioners in a range of disciplines including finance development economics and consumer economics

Financial Inclusion Regulatory Practices in SADC Howard Chitimira, Tapiwa Warikandwa, 2023-05-25 Against a background of calls to prioritise the improvement of financial inclusion in Africa this book provides an analysis of current financial inclusion measures in Southern Africa Evaluating the existing strengths and weaknesses of financial inclusion in Africa it identifies opportunities to improve inclusive financial services and aid poverty reduction in the region With a focus on South Africa Namibia Botswana and Zimbabwe as case studies for assessing current financial inclusion in the context of particular challenges faced by unbanked and underbanked customers who are easy targets for cybercriminals due to low levels of digital literacy it looks into the regulation and promotion of financial inclusion in Southern Africa The book explores financial inclusion in the context of digital transformation in the 21st century examining the regulation and promotion of financial inclusion in the context of

digital transformation as well as the challenges related to financial inclusion. Suggesting improvements to aspects of company law, securities and financial markets in the Southern African Development Community region, the book offers a comprehensive study on the regulation and promotion of financial inclusion in the Southern African Development Community region. It will be essential reading for students and academics researching financial inclusion, international economic law and development.

Agribusiness Julian Roche, 2019-08-06. Agribusiness offers a unique introduction to the business of agriculture: what agribusiness is, why it matters, what the role of technology is, how trade fits into the picture, what its key risks are, who is lending and investing and why, and what returns they are getting. It is both practical in orientation, focusing on the role of managers in the industry as well as that of lenders and investors, and international in scope, drawing on case studies and interviews with key figures all over the world. The text ranges across various agricultural commodities to stress that there is no one size fits all solution and successful management, lending or investment in agribusiness requires understanding specifics. Readers are introduced to the economics of the supply and demand of food, the role of agricultural trade, agricultural marketing and farm management along with key business aspects including: Main drivers of agribusiness value, Principal risks of agribusinesses, Agribusiness as an investment class and Agribusiness lending: why, who and how. This engaging textbook offers a complete guide to the international business of agriculture, which is ideal for all students, scholars and practitioners. A selection of eResources is also available to supplement this text and instructors will find PowerPoint slides, discussion questions, case studies and further teaching materials available to them.

The Service Sector and Economic Development in Africa Evelyn F. Wamboye, Peter Nyaronga, 2018-09-04 The service sector accounts for a huge proportion of global employment and is the biggest driver of gross domestic product in developing nations Yet there has been little research uncovering its scope potential and implications on sustained and

inclusive economic growth This is especially true for Africa which has seen a strong growth trajectory in recent years This book presents a new frontier of research offering insightful perspectives on the 21st century realities of the service sector and its effect on economic development in Africa The analysis presented here will be of relevance to academics and policymakers with an interest in Africa s role in the global economy *Corruption, Sustainable Development and Security Challenges in Africa* Kempe Ronald Hope, Sr.,2023-09-07 This book sheds light on Africa s development performance and dynamics arising from the interface between corruption and sustainable development on the one hand and the challenges that poses for peace security and stability Corruption also contributes to the spread of terrorism and violent extremism Pervasive corruption networks often include politicians civil servants working at all levels of state institutions representatives of the private sector and members of crime syndicates The consequences of corruption are detrimental in many aspects such as undermining governments ability to serve public interests and eroding public trust in democratic processes Presenting empirical evidence the book explains why corruption and the looting of staggering amounts of national assets undermine the achievement of the Sustainable Development Goals SDGs and has a negative impact on peace stability security the rule of law gender equality the environment and human rights This makes the book a must read for students researchers and scholars of political science international relations and economics in general as well as African studies development studies and security sector studies in particular covering issues and themes on corruption governance socio economic sustainable development public administration and management policing in an international context police reform and security sector reform It will also serve as a helpful resource for policy makers interested in a better understanding of the connection between corruption sustainable development and security challenges in Sub Saharan Africa *Quotas - Data Update and Simulations* International Monetary Fund. Finance Dept.,International Monetary Fund. Statistics Dept.,2016-09-08 The quota database has been updated by one year through 2014 Overall the results of the update continue the broad trends observed in previous updates but the shifts between the main country groups are generally smaller Using the current quota formula the calculated quota share of Emerging Market and Developing Countries EMDCs as a group increases by 0.6 percentage points relative to the 2015 update to 49.3 percent which is about half the increase in the last update The paper takes stock of recent discussions on the quota formula including the outcome of the Quota Formula Review in 2013 and subsequent discussions in the context of the annual quota data updates It also updates the illustrative simulations of possible reforms of the quota formula presented previously using the latest data These simulations have sought to capture possible reforms that would be broadly in line with the conclusions of the Quota Formula Review and Directors guidance is sought on the relative merits of these reforms and the most productive areas for future work Download Quota Data Updated IMF Quota Formula Variables September 2016 [Money, Credit, and Crises](#) Nektarios Michail,2021-01-25 While paramount to the modern economy understanding how the banking system works has been usually cast aside from overall economic education Even in the

aftermath of the recent financial crisis which has underlined the vital importance of banking in the economy the workings of the sector remain a black box To this end this book provides a comprehensive and easy to read review of the banking sector covering all issues related to commercial and investment banking and providing experienced as well as non expert readers the opportunity to expand their knowledge on these topics After going through the book readers have the opportunity to gain a deeper knowledge regarding the commercial and investment functions of the banking sector and the ability to evaluate the potential outcome of policy actions
