Una Verdad Delicada A Delicate Truth Spanish Edition:

Theatre Censorship in Spain, 1931-1985 Catherine O'Leary, Michael Thompson, 2023-05-15 This is a comprehensive study of the impact of censorship on theatre in twentieth century Spain. It draws on extensive archival evidence, vivid personal testimonies and in-depth analysis of legislation to document the different kinds of theatre censorship practised during the Second Republic (1931-6), the civil war (1936-9), the Franco dictatorship (1939-75) and the transition to democracy (1975-85). Changes in criteria, administrative structures and personnel from these periods are traced in relation to wider political, social and cultural developments, and the responses of playwrights, directors and companies are explored. With a focus on censorship, new light is cast on particular theatre-makers and their work, the conditions in which all kinds of theatre were produced, the construction of genres and canons as well as on broader cultural history and changing ideological climate, all of which are linked to reflections on the nature of censorship and the relationship between culture and the state. *Cervantes' Persiles and the Travails of Romance* Marina S. Brownlee, 2019-08-22 This collection of original essays presents new ways of looking at Cervantes' final novel *Persiles*, a work that engages with geopolitical models of race, ethnicity, nation and religion. It takes its inspiration from the highly influential Ethiopian story, the *Aithiopika* of Heliodorus. With particular relevance to the period, *Persiles* questions the issue of cultural pluralism in the Spanish empire and emphasizes the need to rethink the radically altered category of *lo bárbaro* (the barbarian) which included not only the Jew, the Muslim and the Gypsy but also the *criollo*, the *mestizo* and the *indiano*, a new multiracial and multiethnic reality that posed a profound challenge to early modern Spain. The contributors offer a range of perspectives in spatial theory, psychology and subjectivity, visual culture and literary theory. **Latin American Writers** Carlos A. Solé, María Isabel Abreu, 1989 This collection of bio-critical essays on Latin American writers from the 16th century to the present is enhanced by Supplement I covering writers who have come to the fore since the publication of the base set in 1989. **Querido Doctorcito** Frida Kahlo, Leo Eloesser, Teresa del Conde, Carlos Phillips Olmedo, 2007 The main body of the book is the facsimile and transcription of the collection of the manuscript and typed letters and telegraphs mailed between artist Frida Kahlo and doctor Leo Eloesser, and enriched with contributions written by experts in art and medicine such as Carlos Monsivais, Teresa del Conde, Juan Pascoe and others. The group of letters corresponds to 3 phases covering from 1936 to 1951. The first part reflects a courteous friendship and a paternal relationship of total confidence and where she consults him for all medical and personal matters. The second part of the correspondence airs her political feelings about the Spanish Civil War, the refugees arriving in Mexico and Diego Rivera's health. The third part of the correspondence marks an important shift when the 2 protagonists adopt a more informal tone and where Kahlo confides her several love affairs and medical problems and although during this period she painted extensively, she does not mention it as she didn't believe in her own success. Stamped. These letters suggest that there was more than just a caring friendship between them while also representing the heartbreaking confessions by Kahlo after she lost

the baby she was expecting with her husband Diego Rivera
