American Economic Development Patrice Franko, 2018-09-07 Thoroughly revised and updated this foundational text provides the basic economic tools for students to understand the problems facing the countries of Latin America In the fourth edition Patrice Franko analyzes challenges to the neoliberal model of development and highlights recent macroeconomic changes in the region Including charts and tables with the most current data available the book also offers a wealth of new boxed discussions and vignettes

Contemporary Latin America Francisco Panizza, 2009-10-15 Latin America has changed dramatically over the past few years While the 1990s were dominated by the politically orthodoxy of the Washington Consensus and the political uniformity of centre right governments the first decade of the new century is being characterised by the emergence of a plurality of economic and political alternatives In an overview of the history of the region over the past twenty five years this book traces the intellectual and political origins of the Washington Consensus assesses its impact on democracy and economic development and discusses whether the emergence of a variety of left wing governments in the region represents a clear break with the politics and policies of the Washington Consensus Clearly written and rigorously argued the book will be of interest to academics students of Latin American politics and anybody interested in understanding contemporary Latin America

Human Development Report 1993 United Nations Development Programme, 1993 Since its headline making debut the Human Development Report has become an essential resource for development specialists economists and political scientists around the world While previous Human Development Reports focused on investment in people the 1993 Report not only updates the findings of the earlier volumes but shifts the focus towards the other side of human development mobilizing and utilizing human potential The Report surveys the instruments for enhancing and encouraging participatory patterns of development including privatization and participatory market structures vertical and horizontal decentralization of government functions devolution of government powers enterprise decentralization involvement of NGOs and other grass roots organizations and empowerment of people It probes the vital connections between employment and development and offers a global framework for employment that takes into account the growing pressure for international migration In addition it examines links between human development and international markets for ucts capital and labor and presents updated human development indicators for more than 160 countries

Politics Latin America Gavin O'Toole, 2014-05-12 This is a volume which will become invaluable to those attempting to guide the neophyte

through the maze of politics in Latin America Journal of Latin American Studies Politics Latin America examines the role of Latin America in the world and its importance to the study of politics with particular emphasis on the institutions and processes that exist to guarantee democracy and the forces that threaten to compromise it Now in its second edition and fully revised to reflect recent developments in the region Politics Latin America provides students and teachers with an accessible overview of the region's unique political and economic landscape covering every aspect of governance in its 21 countries The book examines the international relations of Latin American states as they seek to carve out a role in an increasingly globalised world and will be an ideal introduction for undergraduate courses in Latin American politics and comparative politics

A Moment of Equality for Latin America? Barbara Fritz, Lena Lavinas, 2016-03-09 Unlike other regions around the world several Latin American countries have managed to reduce income inequality over the last decade Higher growth rates and growing employment but also innovative wage policies and social programs have contributed to reducing poverty and narrow income disparities Yet despite this progress nation states in the region demonstrate little capacity to substantially change their patterns of deeply rooted inequalities Focusing on the limits and challenges of redistributive policies in Latin America this volume synthesizes and updates the discussion of inequality in the region introducing the perspective of global and transnational interdependencies The book explores the extent to which redistributive policies have been interlinked with the provision and quality of public goods as well as with structural changes of the productive sector Inspired by structuralist and neostructuralist thinking of Latin American economists such as Raúl Prebisch and Celso Furtado authors question the redistributive impact of the interplay of recent macroeconomic fiscal and social policies particularly under left and center left administrations committed to greater equality Bringing together experts in social fiscal and macroeconomic policies to investigate the interdependent and global character of inequalities this book will appeal to scholars of sociology economics development and politics with interests in Latin America inequality and public policy

Access to water and sanitation is internationally recognized human right Yet more than two billion people lack even the most basic of services The latest United Nations World Water Development Report Leaving No One Behind explores the symptoms of exclusion and investigates ways to overcome inequalities Re-mapping the Americas W. Andy Knight, Julián Castro-Rea,2016-04-01

Since the end of the Second World War the map of the Americas has changed dramatically Not only were many former European colonies turned into sovereign states there was also an ongoing process of region making recognizable throughout the hemisphere and obvious through the establishment of several regional agreements The emergence of political and economic regional integration blocs is a very timely topic analyzed by scholars in many disciplines worldwide This book looks at remapping the recent trends in region making throughout the Americas in a way that hasn't been at the center of academic analyses so far While examining these regionalisation tendencies with a historical background in mind the authors also answer fundamental questions such as What influences does globalization have on region making both on normative regionalism plans as well as on actual economic political cultural military and social regionalization processes driven by state and non state actors What ideas or interests lead states in the Americas to cooperate or compete with one another and how is this power distributed How do these regional agreements affect trade relations and have there been trade barriers set up to protect national economies What agreements exist or have existed and how did they change with regard to contents and for what reason The book informs academic as well as non academic audiences about regional developments in the Americas in particular those dating back to the last twenty years Beyond the primary purpose of summarizing the hemisphere's recent trends the book also brings clarification in a detailed but easy to understand way about timely issues regarding the institutionalisation or lack thereof of the plethora of regional and sub regional bodies that have emerged in this hemisphere over the past couple of decades *Latin America and the Caribbean Economic Review, April 2025* William Maloney, Marcela Meléndez, Raúl Morales,2025-04-28

The Latin America and Caribbean region faces a very different outlook from what was foreseen six months ago Despite continued progress on reducing inflation LAC continues to grow more slowly than any other region of the world and increasing its dynamism and job creation potential faces new and daunting challenges First higher and more persistent inflation than anticipated in the advanced countries has slowed global interest rate declines which constrains regional monetary authorities ability to loosen monetary policy Second higher interest payments on debt consume an increasing share of government revenue impeding progress on reducing deficits and creating fiscal space for necessary public investment Third rising tariffs have driven up uncertainty around the nature of the global trade order threaten market access for exports and call into question the nearshoring project Fourth increased return migration will in some cases stress local labor markets and dampen remittances Fifth organized crime and the violence that

accompanies it continues to expand reducing the quality of life of citizens dampening economic growth and undermining the integrity of public institutions Progress on the fiscal front as well as continued productivity related reforms to make the region more able to negotiate a changing environment are needed
