Towers Watson Job Evaluation And Grades

R. C. Sharma, Nipun Sharma

Towers Watson Job Evaluation And Grades:

Armstrong's Job Evaluation Handbook Michael Armstrong, 2018-04-03 Job evaluation is key to ensuring that employees are compensated fairly for their work. It is therefore essential that HR professionals have a robust process in place so that pay and reward are transparent and defensible within teams and across departments. Armstrong's Job Evaluation Handbook gives HR professionals all the tools they need to assess which approach to job evaluation is most suitable, how to implement it and how to maintain it. Packed with case studies from leading organizations such as Microsoft, Vodafone and the NHS, this guide will provide HR professionals with the ability to answer key questions such as: how can we decide what is fair to pay our staff? how can we make sure that work of equal value receives equal pay? and how can we make sure that our salaries remain competitive in the market? Armstrong's Job Evaluation Handbook covers everything needed to put effective job evaluation processes in place, including analytical matching and market pricing, developing job grades and defining pay structures. There is also coverage of the latest trends and issues in job evaluation, such as the decline in points-rated systems and the use of levelling by consultants. Underpinned by original research, this is a book that no HR department can afford to be without.

Valuing Roles Michael Armstrong, Ann Cummins, 2008 Valuing Roles gives you practical advice on how to determine employee worth as well as how to structure and implement approaches that recognize it. The book highlights the benefits and risks of the different approaches your organization can use, putting job evaluation into perspective and demonstrating how it links to other people pay-related processes, systems and policies, ensuring a transparent framework for talent management. Written by two highly experienced practitioners, Michael Armstrong and Ann Cummins, the book thoroughly examines the why and how behind the concept, giving you advice and techniques to help you to measure the relative value of people, a practical methodology for ensuring fair and equitable outcomes at all levels in your organization, and highly topical coverage of critical issues including equal pay and market pricing. Valuing Roles uses the latest research on this hugely important topic, including an analysis of a 2007 job evaluation survey carried out by e-reward. The theory is supported by a wide range of international case studies, as well as checklists, templates and flowcharts to help you determine the relative worth of jobs or individuals in your organization.

Human Resource Management Ronan Carbery, Christine Cross, 2024-10-17 How does the wellbeing of Deliveroo drivers intersect with their work in the gig economy? Has the COVID-19 pandemic facilitated innovation or damaged our relationship with work? Should managers be able to track employees' productivity through digital software? This new edition of Human Resource Management tackles key questions from every area of HRM. With a clear, succinct style and integrated pedagogical activities, this book makes difficult concepts accessible and gives you the skills to think critically and independently about business. There is a strong focus on employability, with features such as HRM and Organizational Performance and HRM in Practice, helping you to put theory into practice for the modern workplace. This new edition has been thoroughly updated with developments in diversity and inclusion, digitalisation,

changes in work practices since COVID 19 and looking ahead to the future of work It takes a truly global approach with case studies from a huge range of countries and examples from diverse industries This brilliant introductory textbook is compulsory reading for undergraduate and postgraduate students studying HRM business and management as well as those on CIPD accredited courses New to this Edition Fully revised and updated learning features including coverage of cutting edge developments in The Contemporary Nature of HRM features and brand new case studies New international content to reflect our globalised interconnected world References to popular culture such as Gordon Ramsey s management style workplace stereotypes in Legally Blonde and what we can learn from Lana Del Ray s music career Human Resource Management Robert N.
