Integrated Environmental Management Systems, 2000 *Political Risk Intelligence for Business Operations in Complex Environments* Robert Mckellar, 2023-06-19 Macro level dynamics and modelling are well represented in the mainstream political risk literature However not many writings on the subject get their hands dirty in terms of revealing the hard nuanced and practical work behind knowing what the issues might be for a specific foreign operation in a sensitive or volatile context and how to plan for them *Political Risk Intelligence for Business Operations in Complex Environments* provides international managers and by extension their organisations with a foundational understanding of political risk analysis and planning for on the ground operations in challenging times and places This means having a fluid grasp of what political risk means and why it matters in the organisation's context and how relevant intelligence can be gathered and analysed to inform decisions and planning towards an operation's socio political resilience The book explains How and why political risk manifests and the forms it can take Company attitudes and operational attributes as a political risk variable Understanding the operational implications of socio political dynamics and trends Stakeholder identification and analysis for informed engagement planning Scenario analysis to prepare for long term contingencies and discontinuities Holistic intelligence driven political risk management planning Tactical intelligence exercises to maintain awareness and

inform adaptation Intelligence management collection and quality control Ethical considerations in political risk management Rather than being bound by conventional notions of risk the book emphasises the dynamic relationship between a foreign operation and its host environment and milieu as a source of both challenges and opportunities to manage them Concepts frameworks and practices are rounded out with real world examples and relevant lessons from the author s experience as a political risk consultant
