[Negotiating Academic Literacies](#) Vivian Zamel,Ruth Spack,2012-08-06 Negotiating Academic Literacies Teaching and Learning Across Languages and Cultures is a cross over volume in the literature between first and second language literacy This anthology of articles brings together different voices from a range of publications and fields and unites them in pursuit of an understanding of how academic ways of knowing are acquired The editors preface the collection of readings with a conceptual framework that reconsiders the current debate about the nature of academic

literacies In this volume the term academic literacies denotes multiple approaches to knowledge including reading and writing critically College classrooms have become sites where a number of languages and cultures intersect This is the case not only for students who are in the process of acquiring English but for all learners who find themselves in an academic situation that exposes them to a new set of expectations This book is a contribution to the effort to discover ways of supporting learning across languages and cultures and to transform views about what it means to teach and learn to read and write and to think and know Unique to this volume is the inclusion of the perspectives of writers as well as those of teachers and researchers Furthermore the contributors reveal their own struggles and accomplishments as they themselves have attempted to negotiate academic literacies The chronological ordering of articles provides a historical perspective demonstrating ways in which issues related to teaching and learning across cultures have been addressed over time The readings have consistency in terms of quality depth and passion they raise important philosophical questions even as they consider practical classroom applications The editors provide a series of questions that enable the reader to engage in a generative and exciting process of reflection and inquiry This book is both a reference for teachers who work or plan to work with diverse learners and a text for graduate level courses primarily in bilingual and ESL studies composition studies English education and literacy studies

Smart But Stuck Myrna Orenstein,2000 Uncover the powerful potential that learning disabilities can conceal Having a learning disability LD can be lonely frightening and frustrating The available information is sparse technically oriented and resolutely uninformative on how it feels to have an LD Smart But Stuck changes all that The first book on the emotional aspects of having an LD it offers twenty case studies and other research to help you see that you are not alone This groundbreaking book discusses why and how intelligent individuals with learning disabilities are misunderstood and how shame and fear can lead to imprisoned intelligence Smart But Stuck helps those who struggle with learning disabilities and the people who help them build self esteem face LD obstacles bypass weaknesses and enhance strengths Smart But Stuck elaborates on new research about imprisoned intelligence and the emotional consequences of learning disabilities enabling readers to understand what it s like growing up being smart but feeling stupid discover how shame influences the learning process understand what happens when smart people grow up suffering from learning gaps learn how to find a therapist and what to expect in treatment create a successful productive life and even use their learning disabilities to their own advantage Smart But Stuck integrates a vast amount of research and presents it in an understandable way to help people gain their freedom from imprisoned intelligence In Smart But Stuck people with LDs will find effective methods to help themselves unlock their full potential while therapists teachers and family members will find new ways to understand and help individuals with LDs
