EDUCATIONS:

WORK

from 2006-2011. My work history began as a customer service person. I didn't realize how this skill would prepare me for the nursing field. Working at coffee shops greeting customers and later being promoted to cashier, barista/coffee maker, I learned how to deal with a variety of customers,... difficult and pleasant.

It's in 2011 when I first was exposed to direct patient care. I worked as a caregiver at Nazareth House retirement home. I learned basic patient care skills where my main duties were to provide assistance daily living for elderly people who suffered from Alzheimer's, Parkinson's, Multiple Sclerosis, and other neuro disorders. This is the first job I've ever forgotten. First time I put on diapers/briefs on the wrong side, the first time I puked from cleaning BM, and the first time I dealt with end of life.

In 2016 When my career was focused more on nursing skilled and acute care settings. I moved to Ashland, Oregon where I obtained my CNA1&2. My job titles are from CNA in nursing skilled and Medical tech where I gave medications orally, rectally and via syringe, working closely under RN supervision.

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
