Muslim Studies, Vol. 1 Ignác Goldziher, 1967-01-01 This is the first volume of Goldziher's *Muslim Studies* which ranks highly among the classics of the scholarly literature on Islam Indeed the two volumes originally published in German in 1889 1890 can justly be counted among those which laid the foundations of the modern study of Islam as a religion and a civilization The first study deals with the reaction of Islam to the ideals of Arab tribal society to the attitudes of early Islam to the various nationalities and more

especially the Persians and culminates in the chapter on the Shu ubiyya movement which represents the reaction of the newly converted peoples and again more especially of the Persians to the idea of Arab superiority The second essay is the famous study on the development of the Hadith the Traditions ascribed to Muhammed in which the Hadith is shown to reflect the various trends of early Islam and in which its collection and the subsequent literature devoted to it is described Goldziher's name is mainly associated with the critical study of the Hadith of which this essay is the chief monument The third essay is about the cult of saints which though contrary to the spirit and the letter of the earliest Islam played such an important part in its subsequent development These essays with the author's marvelous richness of information profound historical sense and sympathetic insight into the motive forces of religion and civilization are today as fresh as at the time of their original publication and are indispensable for all students of Islam The editor S M Stern has brought the annotation up to date by completing whenever necessary the references by making relevant additions and by indicating the most important later literature dealing with the subjects treated in the studies

The R.C. Sproul Collection Volume 1: The Holiness of God / Chosen by God R.C. Sproul, 2017-02-15

This Collection bundles two of popular and accessible theologian R C Sproul's works into one e book for a great value The Holiness of God Central to God's character is the quality of holiness Yet even so most people are hard pressed to define what God's holiness precisely is Many preachers today avoid the topic altogether because people today don't quite know what to do with words like awe or fear R C Sproul in this classic work puts the holiness of God in its proper and central place in the Christian life He paints an awe inspiring vision of God that encourages Christian to become holy just as God is holy Once you encounter the holiness of God your life will never be the same Chosen by God With nearly 200 000 copies sold in its 25 years Chosen by God by Dr R C Sproul is a contemporary classic on predestination a doctrine that isn't just for Calvinists says Sproul It is a doctrine for all biblical Christians In this updated and expanded edition of Chosen by God Sproul shows that the doctrine of predestination doesn't create a whimsical or spiteful picture of God but paints a portrait of a loving God who provides redemption for radically corrupt humans We choose God because he has opened our eyes to see his beauty we love him because he first loved us There is mystery in God's ways but not contradiction

Debate of the Romance of the Rose Christine de Pizan, 2010-04-15

In 1401 Christine de Pizan 1365 1430 one of the most renowned and prolific woman writers of the Middle Ages wrote a letter to the provost of Lille criticizing the highly popular and widely read Romance of the Rose for its blatant and unwarranted misogynistic depictions of women The debate that ensued over not only the merits of the treatise but also of the place of women in society started Europe on the long path to gender parity Pizan's criticism sparked a continent wide discussion of issues that is still alive today in disputes about art and morality especially the civic responsibility of a writer or

artist for the works he or she produces In Debate of the Romance of the Rose David Hult collects along with the debate documents themselves letters sermons and excerpts from other works of Pizan including one from City of Ladies her major defense of women and their rights that give context to this debate Here Pizan s supporters and detractors are heard alongside her own formidable protofeminist voice The resulting volume affords a rare look at the way people read and thought about literature in the period immediately preceding the era of print

Science and Philosophy in the Indian Buddhist Classics, Vol. 3 Thupten Jinpa,2022-12-13 Deepen your understanding of meaning and truth with the third volume of the Dalai Lama s esteemed series Science and Philosophy in the Indian Buddhist Classics Science and Philosophy in the Indian Buddhist Classics compiles classical Buddhist explorations of the nature of the material world the human mind reason and liberation and puts them into context for the modern reader This ambitious four volume series a major resource for the history of ideas and especially the history of science and philosophy has been conceived by and compiled under the visionary supervision of His Holiness the Dalai Lama himself It is his view that the exploratory thinking of the great masters of classical India still has much that is of interest to us today whether we are Buddhist or not These volumes make those insights accessible In this third volume the focus turns to exploring the philosophical schools of India The practice of presenting the views of various schools of philosophy dates back to the first millennium in India when proponents of competing traditions would arrange the diverse sets of philosophical positions in a hierarchy culminating in their own school s superior tenets Centuries later relying on the Indian Buddhist treatises Tibet developed its own tradition of works on tenets grub mtha often centered on the four schools of Buddhist philosophy using them to demonstrate the philosophical evolution within their own tradition and within individual practitioners as they progressed through increasingly more subtle expressions of the true reality The present work follows in this venerable tradition but with a modern twist Like its predecessors it presents the views of seven non Buddhist schools those of the Samkhya Vaishesika Nyaya Mimamsa Vedanta Jaina and Lokayata followed by the Buddhist Vaibhasika Sautrantika Cittamatra and Madhyamaka schools arranging them like steps on a ladder to the profound But rather than following in the sharply polemical approach of its ancient predecessors it strives to survey each tradition authentically relying on and citing the texts sacred to each allowing the different traditions to speak for themselves What it asks are the basic components of the world we experience What is the nature of their ultimate reality And how can we come to experience that for ourselves See how the rich spiritual traditions of India approached these key questions where they agreed and how

they evolved through dialogue and debate This presentation of philosophical schools is introduced by His Holiness and is accompanied by an extensive introduction and survey by Professor Donald Lopez Jr of the University of Michigan who is uniquely qualified to communicate the scope and significance of this literary and spiritual heritage to modern readers
