**The Victims of Slavery, Colonization and the Holocaust** Kitty Millet, 2017-03-09 This book provides a sophisticated investigation into the experience of being exterminated as felt by victims of the Holocaust and compares and contrasts this analysis with the experiences of people who have been colonized or enslaved Using numerous victim accounts and a wide range of primary sources the book moves away from the continuity thesis with its insistence on colonial intent as the reason for victimization in relation to other historical examples of mass political violence to look at the victim experience on its own terms By affording each constituent case study its own distinctive aspects The Victims of Slavery Colonization and the Holocaust allows for a more enriching comparison of victim experience to be made that respects each group of victims in their uniqueness It is an important innovative volume for all students of the Holocaust genocide and the history of mass political violence
