The Mobile Academy Mlearning For Higher Education:

The Mobile Academy Clark N. Quinn, 2011-10-18 A fundamental revolution in higher education is being sparked by the ubiquity of mobile devices. The opportunity is ripe for institutions, instructors, and instructional designers to take advantage of mobile technology to enhance the learning experience. The Mobile Academy is a guide for systematically integrating mobile devices into higher education courses and other academic and student support services in order to facilitate learning outcomes and student success. It covers a wealth of topics including the use of mobile devices as applied to administrative services, classroom content, assessment, communication, and what's to come in the future. In The Mobile Academy, Clark Quinn gives aspiring learning technologists a crash course in what it will take to harness the power and potential of mobile learning in higher educational settings. He has given us a comprehensive, engaging guide for creating mobile learning solutions that inspire anytime, anywhere, and on whatever device one chooses. Ellen Wagner, partner and senior analyst, Sage Road Solutions LLC, executive director, WCET. If you are a faculty member, instructional support staff, or an administrator at a university or a two-year college, you must read and understand this book. From ideas on interactivity and engagement through mLearning to conducting an environmental scan to dealing with policy issues, this book provides the foundation upon which to build for the future. The future of mLearning. Karl M. Kapp, professor of instructional technology, Bloomsburg University, Bloomsburg, Pennsylvania, author of *Gadgets, Games, and Gizmos for Learning* and *Learning in 3D*. In The Mobile Academy, Clark Quinn provides a sensible theoretical and practical foundation that will help higher education organizations to develop their own strategies for providing mobile services for learning and student support. From designers to educators to administrators, this is the guide to for you to get mobilized. Alan Levine, cogdogblog.com. [Mobile Learning](#) John Traxler, Agnes Kukulska-Hulme, 2015-11-06 Mobile Learning: The Next Generation documents the most innovative projects in context-aware mobile learning in order to develop a richer theoretical understanding of learning in modern mobile-connected societies. Context-aware mobile learning takes advantage of cell phone, mobile, and pervasive personal technologies to design learning experiences that exploit the richness of both indoor and outdoor environments. These technologies detect a learner's presence in a particular place, the learner's history in that place, or in relation to other people and objects nearby, and adapt learning experiences accordingly, enabling and encouraging learners to use personal and social technologies to capture aspects of the environment as learning resources and to share their reactions to them. [Mobile Learning and Higher Education](#) Helen Crompton, John Traxler, 2018-01-02 Mobile Learning and Higher Education provides case studies of mobile learning in higher education settings to showcase how devices can transform learning at the undergraduate and graduate levels. With the rapid diffusion of networked technologies among the adult populations of many countries and the supersession of the once ubiquitous lecture approach with active learner-centered teaching, for deep understanding, mobile devices are increasingly used in higher education classrooms to offer unique and effective new approaches to teaching and
