Frohnen, Ted V. McAllister, 2022-10-21 What is an American Bruce P. Frohnen and Ted V. McAllister argue that we are in fact a distinct people with our own common character that transcends race gender ethnicity and class They find in our current political conflicts a crisis of identity that stems from changes not just in our political economic and technological environment but in our ability to evaluate and to value the personalities that shaped our way of life The history of the American character is filled with triumph as well as tragedy and with virtue as well as vice It is a story of cooperation and conflict among an unruly people who from earliest days questioned authority even as they worked to establish communities of faith family and local freedom under extreme circumstances *Classroom Teaching Skills* Kenneth D.
