Founded by the chieftain Kempe Gowda around 1537 the story of Bangalore has no grand linear narrative The location has revealed different facets to settlers and passers through The city the site of bloody battles between the British and Tipu Sultan was once attached to the glittering court of Mysore Later it became a cantonment town where British troops were stationed Over time it morphed into a city of gardens and lakes and the capital of PBI Indian scientific research More recently it has been the hub of PBI India's information technology boom giving rise to Brand Bangalore an PBI Indian city whose name is recognized globally Hidden beneath these layers lies a cosmopolitan city of sub cultures engaging artists and writers young geeks and students People from every corner of PBI India and beyond now call it home In this collection of writings about a multi layered city there are stories from its history translations from Kannada literature personal responses

to the city's mindscape portraits of special citizens accounts of searches for lost communities and traditions among much more U R Ananthamurthy writes about Bangalore's Kannada identity Shashi Deshpande maps the city through the places she has lived in since she was a young girl Anita Nair draws a touching portrait of a florist who celebrates the glories of the Raj Ramachandra Guha describes his close bond with Bangalore's most unusual bookseller and Rajmohan Gandhi recounts the Mahatma's trysts with the city From traditional folk ballads to a nursery rhyme about Bangalore from poems to blogs from reproductions of turn of the twentieth century picture postcards to cartoons Multiple City is the portrait of a metropolis trying to retain its roots as it hurtles into the future *Embracing Emancipation* Ian Delahanty, 2024-06-04 WINNER 2024

LAWRENCE J McCAFFREY PRIZE FOR BEST BOOK ON IRISH AMERICA Challenges conventional narratives of the Civil War era that emphasize Irish Americans' unceasing opposition to Black freedom *Embracing Emancipation* tackles a perennial question in scholarship on the Civil War era Why did Irish Americans who claimed to have been oppressed in Ireland so vehemently opposed the antislavery movement in the United States Challenging conventional answers to this question that focus on the cultural political and economic circumstances of the Irish in America *Embracing Emancipation* locates the origins of Irish American opposition to antislavery in famine era Ireland There a distinctively Irish critique of abolitionism emerged during the 1840s one that was adopted and adapted by Irish Americans during the sectional crisis The Irish critique of abolitionism meshed with Irish Americans' belief that the American Union would uplift Irish people on both sides of the Atlantic if only it could be saved from the forces of disunion Whereas conventional accounts of the Civil War itself emphasize Irish immigrants' involvement in the New York City draft riots as a brutal coda to their unflinching opposition to emancipation Delahanty uncovers a history of Irish Americans who embraced emancipation Irish American soldiers realized that aiding Black southerners' attempts at self liberation would help to subdue the Confederate rebellion Wartime developments in the United States and Ireland affirmed Irish American Unionists' belief that the perpetuity of their adopted country was vital to the economic and political prospects of current and future immigrants and to their hopes for Ireland's independence Even as some Irish immigrants evinced their disdain for emancipation by lashing out against Union authorities and African Americans in northern cities many others argued that their transatlantic interests in restoring the Union now aligned with slavery's demise While myriad Irish Americans ultimately abandoned their hostility to antislavery their backgrounds in and continuously renewed connections with Ireland remained consistent influences on how the Irish in America took part in debate over the future of American slavery **Raining Backwards** Roberto G.
