The Niburian Sequence Gary Furnas, 2014-11-07 Setting Date 1921 Susan Woolsey is a third generation explorer and one of the few women in the burgeoning field of archeology After six years of digging in the deserts of the Middle East she is rewarded with an unprecedented discovery To her amazement she has unearthed a pristine tomb bearing not only the remains of a Sumerian goddess but also a trove of invaluable relics and most important of all ancient clay tablets that tell a most incredible story If Susan can prove that the story is true it will not only change history as we know it but will forever alter mankind's view of itself changing the very fabric of our existence Her secret puts Susan in direct conflict with numerous world governments religious factions and various clandestine secret societies all with the sole purpose of using the new knowledge for their own twisted agendas She quickly learns that these people will stop at nothing to achieve their nefarious goals When a mysterious stranger appears to warn her of the impending dangers he advises her to seek out help from another archeologist named Will Furness As soon as Will arrives they both discover that their very lives are at stake Their only chance for survival is to prove Susan's theory and make it public before they are caught Now it's a race against time and across two continents Can she survive the onslaught caught up in world powers beyond her belief Has she found the man that can truly stand with her in all aspects of her life Can she live with the knowledge that she is about to unleash on the world Can she live with the knowledge that she discovers about herself This debut novel by a talented new novelist explores many previously unanswered questions about the origins of the entire human race and how we fit in this world that we thought was ours alone If you enjoy high adventure scientific intrigue and old fashioned treasure hunting then this is one story not to be missed

unleash on the world Can she live with the knowledge that she discovers about herself This debut novel by a talented new novelist explores many previously unanswered questions about the origins of the entire human race and how we fit in this world that we thought was ours alone If you enjoy high adventure scientific intrigue and old fashioned treasure hunting then this is one story not to be missed Max Quick: The Two Travelers Mark Jeffrey,2012-10-08 Five quiet years have passed in Starland California since the the time of the Pocket But when a crazed old man shows up with a warning Max Casey Ian and Sasha suddenly find themselves on the run Max and Ian go through an Arch back to 1912 where a mysterious Machine is under construction that seems connected to Max s unremembered secret Meanwhile Casey and Sasha follow the old man to the strange town of Arturo Gyp But there is more afoot than meets the eye the enemies of Mr E the nefarious Archons are abroad And when Max is at last eye to eye with his secret he realizes nothing will ever be the same again This is the second book in the Max Quick Series A New Order of the Ages Collin Robert q Bowling,2011-08-01 Evil has been discharged hither and thither and as a result a war is being waged between the Light and the Dark Powerful occult reptilian bloodlines have commandeered the corporate mass media and the military industrial complex the everyman no longer a free entity Why these torturing gifts and wherefore lent to the people No reason except for the desire to dominate and suppress It is an inkling the beasts of prey within man and reptile cannot control Secret societies are the gatekeepers to a much greater secret that encompasses extraterrestrials and cultures spanning across dimensions The labyrinth has already been entered next stop a closer inspection at money and the big business of Big Brother Are there more cards up the magicians sleeve Only one and that is the possibility for enlightenment **A New Order of the Ages** Collin Robert Bowling,2011 For millennia the human race has been controlled and manipulated by forces beyond our own dimension or awareness A carefully managed human extra dimensional breeding program has produced a hybrid slave race that isn t aware of its true origins or fate Few know that these shadow puppeteers are actually in control or that they even exist They are not human but then again neither are we As the epic battle of consciousness expands into the outer dimensions we know that one thing is for certain When the Liberty Bell rings once again their empire will be reduced to a heap of ashes There will be an army of forces backed by the highest of forces in the heavens which will conduct this re awakening of the masses This story recounts the takeover of planet Earth by the Snake of Zion and shares everything you need to know to be truly free The battleground is within each of us and our captors are but a reflection of humanity Unless we change ourselves how will the reflection be changed Hopefully after this enduring encounter deep into the rabbit hole you will realize how this reality has been manipulated by forces in the fourth dimension In order to succeed we must propel ourselves through the heart chakra and into the fifth dimension where the beloved Terra will find the peace and dignity that she deserves The fate of the world hangs in the balance All we have to do now is make a choice *The Abyss, The Rebellion of Sakla* Frederick Guttmann, This first part of this saga summarizes the references of the most significant mythologies in the world that speak about the Creation of

the world and the appearance of evil with all its forces and entities The Sakla Rebellion includes passages that explain what the Kingdom of Heaven is like and who inhabits it In a chronological way it narrates the events that took place before the Earth existed as such and where the great links of science about the beginnings of life lie This first work shows how the gods and the laws of nature emerged giving rise not only to this orb but also to the solar system **Within the Moon** Daniel JP O'Sullivan,2025-08-12 WITHIN THE MOON Book 1 Salvation is the first installment of a series of six epic novels In this opening novel we meet the ten specialists that have been sent by an advanced alien race to stop the destruction of Earth and the obliteration of the human race The team reopens an abandoned space station constructed thousands of years ago inside the Moon Instead of serving as a secure base of operation the lives of the crew are at risk from the moment they arrive at the space station In addition to these deliberate threats they make a startling discovery that further complicates their mission The crew soon finds that danger does not inhibit romance as several members of the team fall in love amid the chaos throughout the station Love lust and betrayal is rampant among the crew as romance blooms sabotage threatens their lives and the truth becomes known With the pressure of multiple escalating crisis surrounding them will the crew still have time to prevent the destruction of the Earth **Running Hawk** Jad Davis,2018-02-14 When sixteen year old Running Hawk is exiled to the South Yadkin River basin for twelve months ostensibly as punishment for getting the chief's daughter pregnant his tribal elders believe it's a death sentence Nevertheless he sets out to build a home for himself Summer and their baby Soon after the resettlement of the half Saponi orphan a white wolf mysteriously appears and inadvertently kicks off a yearlong odyssey that eventually throws Running Hawk's lot in with General George Washington's secret service This rapidly changing organization known as the Culpers serves to protect the laws laid out by the United States and by other more secretive organizations The young Indian soon finds himself drawn into the white man's world Along the way Running Hawk feels a powerful force pulling him toward an unknown end He experiences a number of anomalies strange flying disks rocks that turned red before buzzing precision guided owls and a shaman with halitosis that suggest there is much more to the universe than he imagined In this novel an exiled Indian teenager embarks on a journey that entangles him with early American intrigue and brings him face to face with an extraordinary encounter **In The Beginning** Alex Teplish,2018-04-06 Ancient Legends myths and religions from around the world have spoken of gods and angels not always in the spiritual sense but actual flesh and blood beings interacting with mankind Many of these ancient cultures had vast knowledge of mathematics and astronomy attributing their knowledge as being handed down from the gods Who were these god-like beings known to one of the oldest civilizations the Sumerians as the Anunnaki This two part graphic novel starts with an amazing discovery in the present day that takes us back hundreds of thousands of years Follow the Anunnaki on their ancient astronaut journey From Nibiru to Earth and their interactions with humanity's genesis **Forgotten Origins** J.
