The Mind's Eye Jeffrey F. Hamburger, Anne-Marie Bouché, 2006 The Mind s Eye focuses on the relationships among art theology exegesis and literature issues long central to the study of medieval art yet ripe for reconsideration Essays by leading scholars from many fields examine the illustration of theological commentaries the use of images to expound or disseminate doctrine the role of images within theological discourse the development of doctrine in response to images and the place of vision and the visual in theological thought At issue are the ways in which theologians responded to the images that we call art and in which images entered into dialogue with theological discourse In what ways could medieval art be construed as argumentative in structure as well as in function Are any of the modes of representation in medieval art analogous to those found in texts In what ways did images function as vehicles not merely vessels of meaning and signification To what extent can exegesis and other genres of theological discourse shed light on the form as well as the content and function of medieval images These are only some of the challenging questions posed by this unprecedented and interdisciplinary collection which provides a historical framework within which to reconsider the relationship between seeing and thinking perception and the imagination in the Middle Ages

History of the Reign of Philip the 2d William Hickling Prescott, 1859 History of the Reign of Philip the Second, King of Spain William Hickling Prescott, 1859 **Shakespeare and Dickens** Valerie L. Gager, 1996-06-06 This 1996 book traces Dickens' interest in Shakespeare through his own reading and performance and through theatrical literary and artistic sources **The Illuminating Icon** Anthony Ugolnik, 1989 This is a print on demand book and is therefore non returnable In Christ there is no East or West claims a familiar hymn But the truth is that American Christians know little about Russian Orthodox Christians and harbor many misconceptions about them In this revealing book Anthony Ugolnik shows how the thousand year old Russian Orthodox tradition actively shapes the life of contemporary Russian Christians and he points out how Russian Orthodoxy can inform and enrich American Christianity Ugolnik speaks from a unique perspective of Russian descent he is an American Christian who has a strong and genuine personal bond with Russian Christians Ugolnik begins his discussion by exploring the alienation between Russians and Americans a cultural and religious alienation that is still very strong today despite changing rhetoric and glasnost Americans tend to picture Russian Christians as cowed and ragged masses on the contrary says Ugolnik they are a stalwart strong community American Christians also tend to be suspicious about the role of icons in Russian Orthodox worship But Ugolnik points out that icons are not idols rather they are religious objects that image forth the majesty of God This powerful sense of the holy that pervades Russian Orthodoxy could reinvigorate American Christianity Indeed the Russian Orthodox have much to offer American Christians according to Ugolnik They place a much greater emphasis on community in their life and worship an emphasis that could help transform the individualistic faith of many American Christians Similarly the Orthodox emphasis on historical and spiritual continuity in contrast to the imagery of restoration and revival in Reformation Christianity could strengthen the worship and witness of American Christians And the Orthodox sense of the beautiful born of a complex aesthetics that undergirds Russian faith and culture could enrich the foundation as well as the expression of American Christianity In the end American and Russian Christians share the common dilemma of how to relate to the secular world around them and the Russian Orthodox emphasis on dialogue and engagement could vitalize the way American Christians live out their faith In this multifaceted book Ugolnik weaves personal experiences with richly developed explorations of Russian and American belief and incisive observations that draw on the literature philosophy theology and history of both cultures With both passion and compassion Ugolnik urges Russian and American Christians to look to the illuminating icon of our incarnate God for guidance Let that icon draw us deep into the mystery of a shared life in the Spirit **The Athenaeum** James Silk Buckingham, John Sterling, Frederick Denison Maurice, Henry Stebbing, Charles Wentworth Dilke, Thomas Kibble Hervey, William Hepworth Dixon, Norman Maccoll, Vernon Horace Rendall, John Middleton Murry, 1868 **The Chemical News and Journal of Physical Science**

,1868 Cathay Ezra Pound,2018-12-04 Finalist Pegasus Award for Poetry Criticism Ezra Pound's *Cathay* 1915 is a masterpiece both of modernism and of world literature The muscular precision of images that mark Pound's translations helped establish a modern style for American literature at the same time creating a thirst for classical Chinese poetry in English Pound's dynamic free verse translations in a modern idiom formed the basis for T S Eliot's famous claim that Pound was the inventor of Chinese poetry for our time Yet Pound achieved this feat without knowing any Chinese relying instead on word for word cribs left by the Orientalist Ernest Fenollosa whose notebooks reveal a remarkable story of sustained cultural exchange This fully annotated critical edition focuses on Pound's astonishing translations without forgetting that the original Chinese poems are masterpieces in their own right On the one hand the presentation of all that went into the final *Cathay* makes it possible for the first time to appreciate the magnitude and the nuances of Pound's poetic art At the same time by bringing the final text together with the Chinese and Old English poems it claims to translate as well as the manuscript traces of Pound's Japanese and American interlocutors the volume also recovers practices of poetic circulation resituating a Modernist classic as a work of world literature The Pound text and its intertexts are presented with care clarity and visual elegance By providing the first accurate and unabridged transcriptions of Fenollosa's notebooks along with carefully edited Chinese texts the volume makes it possible to trace the movements of poetic ideas and poetic expression as they veer toward and away from Pound's creations In supplying the full Fenollosa texts the volume overturns decades of scholarship that has mystified Pound's translation process as a kind of clairvoyance displaying instead the impressive amount of sinological learning preserved in Fenollosa's hard to read notebooks and by detailing every deviation from the probable sense of the originals The edition also supplies exhaustive historical critical and textual notes clarifying points that have sometimes lent obscurity to Pound's poems and making the process of translation visible even for readers with no knowledge of Chinese *Cathay* A Critical Edition includes the original fourteen Chinese translations as well as Pound's unique version of *The Seafarer* which is fully annotated alongside its Anglo Saxon source Also included are Pound's fifteen additional Chinese translations from *Lustra* and other contemporary publications his essay *Chinese Poetry* 1919 a substantial textual Introduction and original essays by Christopher Bush and Haun Saussy on international modernism the mediation of Japan and translation The meticulous treatment and analysis of the texts for this landmark edition will forever change how readers view Pound's Chinese poems In addition to discoveries that permanently alter the scholarly record and force us to revise a number of critical commonplaces the critical apparatus allows readers to make fresh discoveries by making available the specific networks through which poetic expression moved among hands languages and media Ultimately this edition not only enables us more fully to appreciate a canonical work of Modernism but also resituates the art of Pound's translations by recovering the historical circulations that went into the making of a multiply authored and intrinsically hybrid masterpiece
