**The Archaeology of the Logging Industry** John G. Franzen, 2020-08-18 In this book John Franzen surveys archaeological studies of logging sites across the nation from the nineteenth and twentieth centuries explaining how material evidence found at these locations illustrates key aspects of the American experience during this era

**The Geography of South America** Thomas A. Rumney, 2013-04-18 South America is an area of fascination and study for geographers and other scholars from around the world and its land and people have played important roles in the discovery and distribution of civilizations resources and nations for millennia The region has long stimulated a large amount of research across the many subdisciplines of geography and Thomas A Rumney collects organizes and presents as many scholarly publications as possible in *The Geography of South America A Scholarly Guide and Bibliography* Every South American nation is included Argentina Bolivia Brazil Chile Colombia Ecuador French Guiana Guyana Paraguay Peru Surinam Uruguay and Venezuela Beginning with an overview of the region as a whole successive chapters one per nation are divided by specific subdisciplines of geography cultural social economic historical physical and environmental political and urban

Each section is then divided by document type atlases books book chapters articles from scholarly journals master s theses and doctoral dissertations Although the majority of entries focus on English language works selected entries written in Spanish French German and other languages are also included with the entry titles translated into English and noted accordingly

**Aspects of Culture in Second Language Acquisition and Foreign Language Learning** Janusz Arabski,Adam Wojtaszek,2011-08-27 In recent years language learning has been increasingly viewed by some SLA researchers as an essentially social psychological process in which the role of a wider sociocultural context should not be marginalized This volume offers a valuable contribution to this growing body of research by providing theoretical considerations and empirical research data on themes such as the development of intercultural communicative competence the role of English as a lingua franca in intercultural communication and the place of cultural factors in SLA theorizing research second foreign language teaching and teacher training The volume also contains contributions which share the linguistic interest in the culture related concepts and constructs such as time modesty politeness and respect discussing the culture dependent differences in conceptualization and their reflection in particular language forms and linguistic devices
