The Party Girl:

Party Girl Rachel Hollis, 2019-10 Landon Brinkley's dreams are all coming true. She's landed an internship with a fabulous event planner for the Hollywood elite taking her from small town Texas to the bright lights of LA. Landon finds herself in a world in which spending a million dollars on an event even a child's birthday party is de rigueur and the whims of celebrity clients are life and death matters. At first the thrill of working on A list parties and celebrity weddings is enough to survive the seventy five hour workweeks and her mercurial boss. But when the reality of the business reveals itself she's forced to make a choice do whatever it takes to get ahead or stay true to herself. Drawing on the author's real life experiences as an event planner to the stars *Party Girl* takes listeners on an adventure among Hollywood's most beautiful and most outrageous people revealing the ugly side of Hollywood's prettiest parties.

The Naked Self Patrick Stokes, 2015 Across his relatively short and eccentric authorial career Søren Kierkegaard develops a unique and provocative account of what it is to become to be and to lose a self backed up by a rich phenomenology of self experience. Yet Kierkegaard has been almost totally absent from the burgeoning analytic philosophical literature on self constitution and personal identity. How then does Kierkegaard's work appear when viewed in light of current debates about self and identity and what does Kierkegaard have to teach philosophers grappling with these problems today? *The Naked Self* explores Kierkegaard's understanding of selfhood by situating his work in relation to central problems in contemporary philosophy of personal identity the role of memory in selfhood the relationship between the notional and actual subjects of memory and anticipation the phenomenology of diachronic self experience affective alienation from our past and future psychological continuity practical and narrative approaches to identity and the intelligibility of posthumous survival. By bringing his thought into dialogue with major living and recent philosophers of identity such as Derek Parfit Galen Strawson Bernard Williams J. David Velleman Marya Schechtman Mark Johnston and others Stokes reveals Kierkegaard as a philosopher with a significant if challenging contribution to make to philosophy of self and identity.
