superstardom Angelle's dream is to become Cultural Royalty of Pacificland thus achieving what her mother couldn't. Her vision is based on freedom, dreams, love, and fairness for all. However, she soon finds that whilst change appears to be in the air, the resistance is often even greater. While the early 21st century is a time of opportunity for some, many people remain left behind and tension and dissatisfaction is the order of the day in many areas of life. The increasing pitch of the culture wars and the influence of global movements from the Tea Party to the Occupy Protests also combine to make Pacificland a daily ideological warzone. Meanwhile, Pacificland gets caught up in a meaningless political stalemate with reforms like marriage equality stalled seemingly forever. With her own dreams on the line, will Angelle stay true to her values? And if she does, will it be enough to make a positive difference? Life isn't meant to be easy, but are there rewards for the brave at the end? While Angelle's story is fictional, the perspective taken on the social and political movements of the 2000s and 2010s are inspired by real-life accounts and represent the very real perceptions of real people living today.

Hurricane Andrew, the Public Schools, and the Rebuilding of Community Eugene F. Provenzo Jr., Sandra H. Fradd, 1995-07-01 Hurricane Andrew struck South Florida early on Monday morning August 24, 1992. Widely described as the worst natural disaster in modern U.S. history, the storm left 38 people dead in South Florida, 80,000 homes destroyed, and damage estimates of at least 20 billion. The area devastated by the hurricane was approximately three times the size of Manhattan. Almost 250,000 people were left homeless by Andrew, roughly the population of the entire city of Las Vegas. Nevada. Garbage generated by the storm in a single night was equal to the projected landfill for Dade County for the next thirty years.

One Year in King City High School Cristian Saileanu, 2013-02-10 John Holbrook, one of the heroes of this book, once told me that he had mused his way to the conclusion that a school is to a community what the skin is to a body. You see the rash on your arms, and you might think that it's the skin that's sick, when actually the disease is somewhere deep inside, and it is only reflected in the skin. Or conversely, when the skin is silky, smooth, soft, and supple and pleasant to the touch, it's because the entire inside of the body is healthy. It has just occurred to me that I have written a book to illustrate what John said. I must confess that at times, in order to better move the story along, two or three real-life persons have been shoved into one, or one person has been split up into two. Chronology has not been always rigorously followed, either, and real lives have been twisted to allow the sap of fiction to better flow to the heart and mind of the reader. Wait, did I say fiction? I'll take that back. For this is not a fictional book. The stories of all of them, without any

exception the stories they are true And if they sometimes seem far fetched it s only because many times reality is stranger than fiction and also more pitiless and more brutal I have kept some of the original quizzes essays newspaper articles and classroom drawings to give the book its well deserved air of authenticity If you are a teacher you will read the book and nod in agreement If you are a parent now you know a teacher s life is not the bowl of cherries you always thought it was If you are a principal or a superintendent you will naturally want to burn the book in the public square this book is a mirror and you will not like what you see Some of the real names of the characters have been maintained Marina Argueta Elizabeth Ramirez Franklin Sosa Jose Alberto Ochoa and the rest of the Ochoa clan Hector Mandujano aka Camar n and most of the soccer players on the KCHS varsity team have given me kind permission to use their real life names Only one character in the entire book is completely fabricated and I will allow you the reader the investigative pleasure of discovering who that character is on your own If you like the book please recommend it to your friends to that nasty brother in law of yours who gets drunk on Thanksgiving to the guy sitting next to you in the carpool or to your fellow teacher in the teacher s lounge But don t lend it to him Let him buy his own copy You see I live off the books I sell Author Saileanu Cristian
