humor Laughter does wonders The more we can find laughter in all likelihood the more our minds and spirits will be uplifted In the book of Proverbs 17 22 TLB it says A cheerful heart does good like medicine but a broken spirit makes one sick Unlike depression which drains you and zaps all of your energy We found that during some of our gloomy days laughter really works Although laughter will not remove the stressors it will bring some relief to the stress It s merely impossible to laugh and be angry at the same time One overrides the other however we are in control of which one prevails To this day laughter is the best medicine on the market What s so wonderful and unique about laughter is that it s potent costs nothing and can be refilled as often as you wish We should make a valiant effort to complain less and laugh more Thoughts is a book that is filled with many positive statements and provides solutions to diverse problems If applied correctly the thoughts and proverbs in this book will ensure a positive impact on one s life Also after reading this book an imprint will be left on your heart

Formation Ed Douglas McKnight,2017-04-07 In this work of curriculum theory Ed Douglas McKnight addresses and explores the intersections between place with specific discussion of Kincheloe s and Pinar s conceptualization of place and identity and race specifically Winthrop Jordan s historical analysis of race as an Anglo European construction that became the foundation of a white mythos To that end he employs a form of narrative construction called curriculum vitae course of life a method of locating and delineating identity formation which addresses how theories of place race and identity formation play out in a particular concrete life By working through how place racializes identity and existence the author engages in a long Southern tradition of storytelling but in a way that turns it inside out Instead of telling his own story as a means to romanticize the sins of the southern past he tells a new story of growing up within the white discourse of the Deep South in the 1960s and 70s tracking how his racial identity was created and how it has followed him through life Significant in this narrative is how the discourse of whiteness and place continues to express itself even within the subject position of a curriculum theorist teaching in a large Deep South university The book concludes with an elaboration on the challenges of engaging in the necessary anti racist complicated conversation within education to begin to work through and cope with
