Part II: Formative Assessment 1

General	
Identify the assessment title. Group Work	Describe when the assessment will occur within the lesson. This will occur after the example problems are worked out as a class.
Identify the learning objective(s) to be evaluated. Students will be able to accurately solve problems converting fractions to decimals.	Describe the resource(s) or material(s) needed. Paper/Pencil/Chromebook
Assessment	
Describe the assessment, including the following: format/type length setting delivery method Students will complete 4 questions in a group discussing each answer together.	Discuss how this format/type is appropriate for monitoring student progress at this point in the lesson and discuss how this assessment aligns with the learning objective(s). This will allow me to walk around the room to assess the understanding of each student. It will also allow me to provide help to students in a smaller setting. This allows the students to achieve the learning objective by working together to solve the problems given. The students can give each other feedback on how to convert fractions to decimals.
<i>Note: Return to the task for directions on how to provide this formative assessment.</i>	
Evaluation	
Describe how you will evaluate the assessment, including the following: format/type/process/tool evaluation criteria I will walk around the room watching each group discuss their answer and tell why they think they are right. Students will need to get 3 of the 4 questions right in the group before moving to the next activity.	Discuss consideration(s) or challenge(s) that may affect the results and discuss how the consideration(s) or challenge(s) may affect the results. Some students may not participate in the group chat which won't allow me to evaluate those students understanding.
