Access to Scientific Research David J. Brown, 2015-11-13 The debate about access to scientific research raises questions about the current effectiveness of scholarly communication processes This book explores from an independent point of view the current state of the STM publishing market new publishing technologies and business models as well as the information habit of researchers the politics of research funders and the demand for scientific research as a public good The book also investigates the democratisation of science including how the information needs of knowledge workers outside academia can be embraced in future **Directory of Federal Laboratory & Technology Resources**, 1993 **Scientific and Technical Aerospace Reports**, 1995 The Science Teacher, 1998 Some issues are accompanied by a CD ROM on a selected topic Directory of Federal Laboratory and Technology Resources, 1994 Describes the individual capabilities of each of 1 900 unique resources in the federal laboratory system and provides the name and phone number of each contact Includes government laboratories research centers testing facilities and special technology information centers Also includes a list of all federal laboratory technology transfer offices Organized into 72 subject areas Detailed indices *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1974 **The Futurist**, 1996 Introduction to Astronomy Lab Manual Gerald Lasala, 2007-07-30 **Visions** Myron C. Truman, 1999-09 Visions presents readings organized by themes that stimulate readers to critically evaluate recent changes in our culture and society brought about by technological and business innovations The readings in the book direct readers to question whether the rapid changes to our

reality are all positive and whether society and culture is losing some of its basic values by so readily embracing change The main issue running throughout most of the readings and assignments is the conflicting often competing roles that the lure of complex technologies and the comfort of simpler older ones play in all our lives Six thematic units contain readings separated into smaller units that enable students to focus on a limited topic to read a few selections on that topic and to write analytically in response to differing viewpoints Extensive pedagogy includes reading headnotes with pre reading questions aphorisms that provide occasions for short writing assignments in each unit and writing assignments that consider each reading cluster together For beginning composition writers

Signal and Image Analysis for Biomedical and Life Sciences Changming Sun,Tomasz Bednarz,Tuan D. Pham,Pascal Vallotton,Dadong Wang,2014-11-07 With an emphasis on applications of computational models for solving modern challenging problems in biomedical and life sciences this book aims to bring collections of articles from biologists medical biomedical and health science researchers together with computational scientists to focus on problems at the frontier of biomedical and life sciences The goals of this book are to build interactions of scientists across several disciplines and to help industrial users apply advanced computational techniques for solving practical biomedical and life science problems This book is for users in the fields of biomedical and life sciences who wish to keep abreast with the latest techniques in signal and image analysis The book presents a detailed description to each of the applications It can be used by those both at graduate and specialist levels *Technical Abstract Bulletin* ,1979
