The Original Amos 'n' Andy Elizabeth McLeod, 2015-07-11. This critical reexamination of Amos 'n' Andy, the pioneering creation of Charles Correll and Freeman Gosden, presents an unapologetic but balanced view lacking in most treatments. It relies upon an untapped resource: thousands of pages of scripts from the show's nearly forgotten earliest version, which most clearly reflected the vision of its creators. Consequently, it provides fresh insights and in part refutes the usual blanket condemnations of this groundbreaking show. The text incorporates numerous script excerpts, provides key background information, and also acknowledges the show's importance to radio broadcasting and modern entertainment.

Finding God in All the Black Places Beretta E. Smith-Shomade, 2024-10-11. Using a media studies lens of television, film, music, and digital culture, *Finding God in All the Black Places* argues that Black spirituality and church religiosity bolster audiences' understanding of and cultural competence with Black popular culture.

News for All the People Joseph Torres, Juan González, 2012-09-11. From colonial newspapers to the Internet age, America's racial divisions have played a central role in the creation of the country's media system, just as the media has contributed to and every so often combated racial oppression. This acclaimed book, called a masterpiece by the esteemed scholar Robert W. McChesney and chosen as one of 2011's best books by the Progressive, reveals how racial segregation distorted the information Americans have received, even as it depicts the struggle of Black, Latino, Asian, and Native American journalists who fought to create a vibrant yet little-known alternative democratic press. Written in an exciting, story-driven style and replete with memorable portraits of journalists, both famous and obscure, *News for All the People* is destined to become the standard history of the American media.
