Adverse Effects of Cancer Chemotherapy: Anything New to Improve Tolerance and Reduce Sequelae? Kulmira Nurgali, R. Thomas Jagoe, Raquel Abalo, 2018-06-12 Advances in anti cancer chemotherapy over recent years have led to improved efficacy in curing or controlling many cancers Some chemotherapy related side effects are well recognized and include nausea vomiting bone marrow suppression peripheral neuropathy cardiac and skeletal muscle dysfunction and renal impairment However it is becoming clearer that some chemotherapy related adverse effects may persist even in long term cancer survivors Problems such as cognitive cardiovascular and gastrointestinal dysfunction and neuropathy may lead to substantial long term morbidity Despite improvements in treatments to counteract acute chemotherapy induced adverse effects they are often incompletely effective Furthermore counter measures for some acute side effects and many potential longer term sequelae of anti cancer chemotherapy have not been developed Thus new insights into prevalence and mechanisms of cancer chemotherapy related side effects are needed and new approaches to improving tolerance and reduce sequelae of cancer chemotherapy are urgently needed The present Research Topic focuses on adverse effects and sequelae of chemotherapy and strategies to counteract them

Human rights in diverse education contexts J.P. Rossouw, Elda de Waal, Johan Beckmann, Johan Botha, Franciska Bothma, André du Plessis, Elize Küng, Nicholas Mollo, Ewelina Niemczyk, Louise Postma, Erika Serfontein, Marius Smit, Charl C. Wolhuter, 2019-12-12 The focus of this publication is on answering the central research question How can Human Rights be advanced with regard to different kinds of diversities and in different educational settings The publication pays special attention to the advancement of human rights in a variety of education related contexts in keeping with human rights as a declared national priority for both society at large and the education system One strategic priority of the Faculty of Education is research based on market requirements and needs This book strives towards meeting this expectation by directly aiming at building human rights and social justice in the South African society public schools and higher education institutions Adjudication in the education context of the constitutional values of dignity equality and freedom focusses regularly on learners The book highlights the value of education for full fledged citizenship by delineating what schooling should entail to inspire learners towards both claiming equal freedoms and rights and taking accountability for the responsibilities attached to citizenship

Validity of Educational Assessments in Chile and Latin America Jorge Manzi, María Rosa García, Sandy Taut, 2021-09-11 This edited volume presents a systematic analysis of conceptual methodological and applied aspects related to the validation of educational tests used in Latin American countries Inspired by international standards on educational measurement and evaluation this book illustrates efforts that have been made in several countries to validate different types of educational assessments including student learning assessments measurements of non cognitive aspects in students teacher evaluations and tests for certification and selection It gathers the experience of validity studies from the main international assessments in Latin America PISA TIMSS ERCE and ICCS Additionally it shows the challenges that must be taken into account when evaluations are used to compare countries groups or trends of achievement over time The book builds on the premise that measurements in the educational field should not be used if there are no studies that support the validity of the interpretation of their scores or the use made of such tests It shows that despite the recognition given to validity relatively few educational measurement assessments have accumulated enough evidence to support their interpretation and use In doing so this volume increases awareness about the relevance of validity especially when assessments are key component of educational policies
