

Motherhood: A Significant Life-Changing Experience - Essay Sample Essay

Introduction

The moral of the story is that motherhood a significant life-changing experience that offers another perspective on everything compared to the past. All my life I had always been an individual who was self-centered and I was not highly motivated to accomplishing success. The main reason for my experience was the notion that I was going to fail. However, from the moment I got pregnant to the birth of my twin daughters, this whole perspective and point of view changed as it offered me reasons to have higher expectations in life. Therefore, my view of the world changed forever, which made me look at each scenario based on my mother's self. To be a mom meant I was to do everything to carry and care for my daughter's life, who completely depended on me for survival.

My experience of motherhood changed in the early stages after birth because of the many sleepless nights accompanied by nursing my infants. This increased my stern of becoming overprotective. From my experience, I consider being identified with the act to love and nurture someone from deep down in your heart without any expectations in return. From the birth of my daughters, I started to realize some of the habits my children were developing. Hence, it allowed me to realize the significance of teaching my kids the art to lead their life by following a truthful and fearless approach. To care for my kids as a mother made me have the courage of fighting fearless on the experience of the daily struggle on every passing day.

The moment that was most magnificent and satisfying during motherhood was spending quality time with my kids and watching them each day as they grow and being happy. It allowed me to create an environment that was warm and selfless, which made every moment to be thrilling. Hence, I became a more affectionate and kind person to ensure each moment with my children was worth cherishing. As a mother, you are expected to do a lot and ensure you are still the most self-controlled individual family member. Hence, it is significant to offer an unconditional love that should carry with it self-responsiveness and the inside beauty that comes with the refinement of high aptitude. However, not all these expectations are easy to cope up with especially when raising twins. Therefore, from this experience, it made me realize there is no little truth on the fact that being a mother is accompanied by daily life challenges that one must overcome.

To measure the achievements you have made as a mother is not easier as thought, which is due to the challenges present every single day, and one should strive to have the right attitude and ensure you strive to solve the underlying predicament. Hence, it is significant always to explore new ideas that will offer you and your children happy. Therefore, I was able to achieve a positive attitude by having an understanding of the reasons that I became a mother and realizing it still exists through my twin daughters. This was important as I was able to realize that the challenges will never end but will only change the form, which is essential to ensure you hold up throughout the childhood of my kids and in their life in the future.

To be a mom offers an unmatched connection as the love grows continually watching your kids grow with each passing day. My kids have brought me an unimaginable feeling of happiness that I cannot trade with anything. I considered my kids to a gift that I never thought I wanted as I was not aware
