Silence A User S Guide 1:

Silence: A User's Guide, Volume Two Maggie Ross, 2017-12-13 To learn to read a text for the portals of silence that are implicit in it is to gain a powerful tool for supporting and expanding one's silence and to open the reader to the insight that ensues. The sort of reading proposed in this volume is both costly and rewarding. These pages invite readers once again to look at their own minds to reflect on what is happening there and to understand the essential role of silence for being human and for living our own truth with one another.

The Letters of an Unexpected Mystic Robert D. Flanagan, 2022-07-20 The apostle Peter is a pillar of the church whose writing has been overlooked until recently when scholarship remedied this gap significantly elevating Peter's letters. However, one critical area has been omitted. Within the Petrine writing is a robust, empowered, and beautiful mystical theology which makes Peter an unexpected but vital Christian mystic. In exploring his love of artwork, German theologian and priest Romano Guardini developed the Threefold Seeing which has been brought to light by Yvonne Dohna-Schlobitten of the Pontifical Gregorian University. His unique method of viewing the artist's artwork and observer develops a way of encountering the world and word. Instead of looking at the world or the biblical text through separate vantage points, the Threefold Seeing integrates all disciplines under a greater view of God, the artist of all creation. The Letters of an Unexpected Mystic employs Guardini's Threefold Seeing to encounter the mystic Peter and the Petrine mystical theology. The result is a book that provides its readers with a means to become the Christian. Karl Rahner wrote about in 1971: "The devout Christian of the future will either be a mystic, one who has experienced something, or he will cease to be anything at all."

The Speed of Soul Tommy Brown, 2025-10-07 Reclaim a Life of Purpose and Peace. In today's fast-paced world, many of us feel stretched thin, overwhelmed by too much, or find ourselves longing for a more grounded life. We wonder if it is possible to slow down and live more purposefully when life is so demanding, busy, and stressful. We want something beyond quick fixes or surface-level relaxation tips to help us find the fulfillment and peace our souls crave. In a society that glorifies success at any cost, *The Speed of Soul* offers a countercultural approach to living with purpose, peace, and intentionality. Tommy Brown invites readers to embrace four transformative spiritual practices rooted in timeless wisdom: love deeply, live quietly, mind your own affairs, and work with your hands that bring clarity and calm amidst the chaos. *The Speed of Soul* will help readers find calm and clarity by practicing love, stillness, and purposeful work. Step away from comparison and cultivate confidence through focused, quiet living. Reconnect with what matters by aligning your values with intentional actions. Rediscover joy and meaning in everyday tasks, relationships, and your inner life. Reclaim a centered, fulfilled life free from the pressures of a constantly demanding world and embrace the power of intentional living today.
