Feminist Theology and Contemporary Dieting Culture Hannah Bacon,2019-08-08 Hannah Bacon draws on qualitative research conducted inside one UK secular commercial weight loss group to show how Christian religious forms and theological discourses inform contemporary weight loss narratives Bacon argues that notions of sin and salvation resurface in secular guise in ways that repeat well established theological meanings The slimming organization recycles the Christian terminology of sin spelt Syn and encourages members to frame weight loss in salvific terms These theological tropes lurk in the background helping to align food once more with guilt and moral weakness but they also mirror to an extent the way body policing techniques in Christianity have historically helped to cultivate self care The self breaking and self making aspects of women s Syn watching practices in the group continue certain features of historical Christianity serving in similar ways to conform women s bodies to patriarchal norms while providing opportunities for women s self development Taking into account these tensions Bacon asks what a specifically feminist theological response to weight loss might look like If ideas about sin and salvation service hegemonic discourses about fat while also empowering women to shape their own lives how might they be rethought to challenge fat phobia and the frenetic pursuit of thinness As well as naming as sin principles and practices which diminish women s appetites and bodies this book forwards a number of proposals about how salvation might be performed in our everyday eating habits and through the cultivation of fat pride It takes seriously the conviction of many women in the group that food and the body can be important sites of power wisdom and transformation but channels this insight into the construction of

theologies that resist rather than reproduce thin privilege and sizeist norms

How to Talk to Children About Food Dr Anna Colton,2025-02-13 Were you ever told you can't have dessert until you eat all your vegetables Or to be grateful for your meal Or perhaps you yourself have said Mummy's on a diet so she can't eat that or Daddy is fat you don't want to be like me We may not realise but we are constantly communicating our thoughts on food to our children As we navigate picky eating and high emotions at mealtimes as well as puberty diet culture body image and eating disorders now more than ever we need to change the way we communicate about food to our children and ourselves So how do we help children develop and nurture a healthy relationship with food Clinical psychologist and eating disorder specialist Dr Anna Colton guides you through a judgement and shame free journey from pregnancy to a child's adolescence with accessible scientific and psychological understandings She shows you how you've formed your relationship with food and gives you the practical evidence based tools to instil in children a positive relationship with eating How to Talk to Children About Food will help you to Learn the developmental stages of eating and gain the tools to support children through the ages Navigate and manage complex food feelings without anxiety anger or distress Identify eating disorder behaviours and know when to intervene Break negative eating cycles and patterns Build a positive relationship between food and your child/teen's body Have calm happy and fuss free mealtimes for everyone

Man v Fat Andrew Shanahan,2014-12-15 Man v Fat is a practical and supportive resource for men written by a normal bloke who just wanted to lose some weight One day Andrew Shanahan took a guttie to text to a mate But once he had taken the photo he

couldn't stop looking at it. He realised how unhappy he was about his body and resolved to change it. However, he soon learned that the dieting industry had turned its back on men. Men were expected to get fit, tone up and turn fat into a six pack in six weeks. There was nothing for men who simply wanted to lose their beer belly, play football again and feel more confident. So Andrew decided to do something about this. In *Man v Fat*, Andrew Shanahan will give you everything you need to know in order to lose weight, breaking it down into three essential components: Stage 1: Understand why you got fat; Stage 2: Learn how to lose weight; Stage 3: Create a winning structure. *Man v Fat* is not a diet book or a commercial diet plan. It will explain and myth-bust the various diets available so you can choose the one that will work best for you or even create your own. It will help you to supercharge your motivation, set specific goals and teach you how to track and review them, identify threats and create a support network and, of course, troubleshoot common hurdles. There are plans to get you walking, running or cycling, optional activity or make the most of obligatory activity. Plus a perfect week plan and perfect month plan to get you started. In the battle of man against fat, this book is your ultimate weapon.
