Hall, 2021-08-01 This book covers the history of Haiti starting in 1492 with the initial European landing of the island to the present day Haiti shares the island of Hispaniola with the Dominican Republic Haiti proclaimed its independence from France on January 1 1804 following the only successful slave evolution in the Americas As a result of the Haitian Revolution 1791 1804 Haiti became the first independent Latin American nation and the second independent nation in the Western Hemisphere after the United States Throughout its history it has suffered political violence and a devastating earthquake which killed over 300 000 people *Historical Dictionary of Haiti* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Haiti      *A History of Northumberland* Northumberland County History Committee, 1902      **History of the Fylde of Lancashire** John Porter, 1876      **The Borderer's Table Book, Or, Gatherings of the Local History and Romance of the English and Scottish Border** Moses Aaron Richardson, 1846      **The History of Gibbeting** Samantha Priestley, 2020-03-30 An eye opening guide to the public execution practice of hanging criminals in body shaped cages as a crime deterrent or religious punishment The history of gibbeting is the story of one of Britain's most brutal forms of punishments the hanging of criminals in a body shaped metal cage as a warning and as a form of justice From the folklore of live gibbetings to the eerie historical documenting of this weird post execution tradition The History of Gibbeting examines how and why we dealt with murderers

and other serious criminals in this way The book uses case studies through history and takes a look at how the introduction of the Murder Act shaped our relationship with gibbeting for years to come and how we as a society demanded the most shocking post mortem treatment of criminals Whether gibbeting was ever a successful deterrent it is still a fascination today and gibbet cages remain on display in museums all over the country I have to say that I was not aware that gibbeting involved metal cages nor how society clamored for post mortems on gibbeted victims Absolutely fascinating but not for the faint hearted Books Monthly

Contentious Elections Pippa Norris,Richard W. Frank,Ferran Martínez i Coma,2015-04-10 From Afghanistan to Zimbabwe the world has witnessed a rising tide of contentious elections ending in heated partisan debates court challenges street protests and legitimacy challenges In some cases disputes have been settled peacefully through legal appeals and electoral reforms In the worst cases however disputes have triggered bloodshed or government downfalls and military coups Contentious elections are characterized by major challenges with different degrees of severity to the legitimacy of electoral actors procedures or outcomes Despite growing concern until recently little research has studied this

phenomenon The theory unfolded in this volume suggests that problems of electoral malpractice erode confidence in electoral authorities spur peaceful protests demonstrating against the outcome and in the most severe cases lead to outbreaks of conflict and violence Understanding this process is of vital concern for domestic reformers and the international community as well as attracting a growing new research agenda The editors from the Electoral Integrity Project bring together scholars considering a range of fresh evidence analyzing public opinion surveys of confidence in elections and voter turnout within specific countries as well as expert perceptions of the existence of peaceful electoral demonstrations and survey and aggregate data monitoring outbreaks of electoral violence The book provides insights invaluable for studies in democracy and democratization comparative politics comparative elections peace and conflict studies comparative sociology international development comparative public opinion political behavior political institutions and public policy     **The Oxford Illustrated History of Opera** Roger Parker,2001 A historical survey of opera from its beginnings in Florence 400 years ago up to opera in the 1990s     History of Bureau County, Illinois Henry C.
