

The National Interest September October 2012 121

Azmi Bishara

The National Interest September October 2012 121:

The Obama Doctrine Colin Dueck, 2015-04-01 By mid 2015 the Obama presidency will be entering its final stages and the race among the successors in both parties will be well underway And while experts have already formed a provisional understanding of the Obama administration's foreign policy goals the shape of the Obama Doctrine is finally coming into full view It has been consistently cautious since Obama was inaugurated in 2009 but recent events in the Middle East Eastern Europe and the Far East have led an increasingly large number of foreign policy experts to conclude that caution has transformed into weakness In *The Obama Doctrine* Colin Dueck analyzes and explains what the Obama Doctrine in foreign policy actually is and maps out the competing visions on offer from the Republican Party Dueck a leading scholar of US foreign policy contends it is now becoming clear that Obama's policy of international retrenchment is in large part a function of his emphasis on achieving domestic policy goals There have been some successes in the approach but there have also been costs For instance much of the world no longer trusts the US to exert its will in international politics and America's adversaries overseas have asserted themselves with increasing frequency The Republican Party will target these perceived weaknesses in the 2016 presidential campaign and develop competing counter doctrines in the process Dueck explains that within the Republican Party there are two basic impulses vying with each other neo isolationism and forceful internationalism Dueck subdivides each impulse into the specific agenda of the various factions within the party Tea Party nationalism neoconservatism conservative internationalism and neo isolationism He favors a realistic but forceful US internationalism and sees the willingness to disengage from the world by some elements of the party as dangerous After dissecting the various strands he articulates an agenda of forward leaning American realism that is a policy in which the US engages with the world and is willing to use threats of force for realist ends *The Obama Doctrine* not only provides a sharp appraisal of foreign policy in the Obama era it lays out an alternative approach to marshaling American power that will help shape the foreign policy debate in the run up to the 2016 elections

Law and Global Health Michael Freeman, Sarah Hawkes, Belinda Bennett, 2014-05-29 Current Legal Issues like its sister volume Current Legal Problems now available in journal format is based upon an annual colloquium held at University College London Each year leading scholars from around the world gather to discuss the relationship between law and another discipline of thought Each colloquium examines how the external discipline is conceived in legal thought and argument how the law is pictured in that discipline and analyses points of controversy in the use and abuse of extra legal arguments within legal theory and practice *Law and Global Health* the sixteenth volume in the Current Legal Issues series offers an insight into the scholarship examining the relationship between global health and the law Covering a wide range of areas from all over the world articles in the volume look at areas of human rights vulnerable populations ethical issues legal responses and governance

Maxwell's Demon and the Golden Apple Randall L. Schweller, 2014-05-01 Mixing myth entropy and Angry Birds Randall Schweller brings a novel perspective to

international studies Just what exactly will follow the American century This is the question Randall L Schweller explores in his provocative assessment of international politics in the twenty first century Schweller considers the future of world politics correlating our reliance on technology and our multitasking distracted disorganized lives with a fragmenting world order He combines the Greek myth of the Golden Apple of Discord which explains the start of the Trojan War with a look at the second law of thermodynamics or entropy In the coming age Schweller writes disorder will reign supreme as the world succumbs to entropy an irreversible process of disorganization that governs the direction of all physical changes taking place in the universe Interweaving his theory of global disorder with issues on the world stage coupled with a disquisition on board games and the cell phone app Angry Birds Schweller s thesis yields astonishing insights Maxwell s Demon and the Golden Apple will appeal to leaders of multinational corporations and government programs as well as instructors of undergraduate courses in international relations

Unthinkable Kenneth Pollack,2014-09-30 Examines Iran s current nuclear potential while charting America s future course of action recounting the prolonged clash between both nations to outline options for American policymakers

Putin's Propaganda Machine Marcel H. Van Herpen,2015-10-01 Putin s Propaganda Machine examines Russia s information war one of the most striking features of its intervention in Ukraine Marcel H Van Herpen argues that the Kremlin s propaganda offensive is a carefully prepared strategy implemented and tested over the last decade Initially intended as a tool to enhance Russia s soft power it quickly developed into one of the main instruments of Russia s new imperialism reminiscent of the height of the Cold War The author describes a multifaceted strategy that makes use of diverse instruments including mimicking Western public diplomacy initiatives hiring Western public relations firms setting up front organizations buying Western media outlets financing political parties organizing a worldwide propaganda offensive through the Kremlin s cable network RT and publishing paid supplements in leading Western newspapers In this information war key roles are assigned to the Russian diaspora and the Russian Orthodox Church the latter focused on spreading so called traditional values and attacking universal human rights and Western democracy in international fora Van Herpen demonstrates that the Kremlin s propaganda machine not only plays a central role in its hybrid war in Ukraine but also has broader international objectives targeting in particular Europe s two leading countries France and Germany with the goal of forming a geopolitical triangle consisting of a Moscow Berlin Paris axis intended to roll back the influence of NATO and the United States in Europe Drawing on years of research Van Herpen shows how the Kremlin has built an array of soft power instruments and transformed them into effective weapons in a new information war with the West

[Strategic Thinking, Deterrence and the US Ballistic Missile Defense Project](#) Reuben Steff,2016-04-01 A systematic critical survey of American strategic thinking and the strategic culture in which it is formed In particular this book seeks to interrogate the theory and strategy of nuclear deterrence and its relationship to the concept of missile defence Drawing widely on the theoretical literature in international relations and strategic studies it identifies the key groups that have competed over America s

nuclear policy post 1945 and examines how the concept of missile defence went through a process of gestation and intellectual contestation leading to its eventual legitimization in the late 1990s Steff sheds light on the individuals groups institutions and processes that led to the decision by the Bush administration to deploy a national missile defence shield Additionally Steff systematically examines the impact deployment had on the calculations of Russia and China In the process he explains that their reactions under the Bush administration have continued into the Obama era revealing that a new great power security dilemma has broken out This Steff shows has led to a decline in great power relations as a consequence

European Defence Cooperation in EU Law and IR Theory T. Dyson, 2013-05-07 This book offers a novel contribution to the study of post Cold War European defence Interdisciplinary in approach it uses European law to assess the utility of existing theoretical accounts By exploring the balance of threat theory it provides new insights into the forces driving and hindering European defence cooperation

Egypt Azmi Bishara, 2022-07-14 Azmi Bishara s seminal study of the 2011 Egyptian Revolution chronicles in granular detail the lead up to the momentous uprisings and the subsequent transition and coup The book critically investigates the social and economic conditions that formed the backdrop to the revolution and the complex challenges posed by the transition from authoritarianism to democracy Part One From July Coup to January Revolution goes back to what is called the 1952 revolution or the 1952 Coup d tat and traces events until 2011 when Hosni Mubarak stepped down as the president of Egypt after weeks of protest It highlights the relationship between the presidency and the army to show that contrary to popular belief the presidency grew gradually stronger at the expense of other institutions especially the army and reached its apogee under Mubarak Part Two From Revolution to Coup d Etat covers the critical stages from when the military junta took over the governing of Egypt as the Supreme Council of the Armed Forces SCAF and the election of Morsi up until the coup to overthrow his presidency Using a democratic transition theory perspective Azmi Bishara explains the failure of the democratic transition and how it has impacted on Arab revolutions ever since Written while the revolutions were taking place this book conveys a sense of immediacy and urgency as Bishara makes wide ranging assessments with many of his forecasts corroborated in later years The book is renowned for its use of primary source material including interviews statistics and public opinion polls thus preserving the memory of the revolution and remaining one of the most comprehensive reference books on the subject to date

The Arab Spring and Arab Thaw John Davis, 2016-04-01 What were the unifying principles or strategies that governed the protest movements that swept the Middle East and North Africa in the spring of 2011 Who were the protestors and how did the different authoritarian regimes respond to them How did regional and international institutions react to a region in turmoil The Arab Spring and Arab Thaw Unfinished Revolutions and the Quest for Democracy addresses these questions by examining a range of successful and unsuccessful protest strategies and counter revolutionary tactics employed by protestors and autocratic regimes Contributors explore the reactions of the USA EU and Arab League to events in the region and provide insight as to the

gendered dimensions of the struggle along with the ethnic and tribal divisions that continue to impact the post revolt period By addressing these critical queries the book demonstrate how the Arab Spring has evolved into a protracted Arab Thaw that continues to profoundly affect regional and international politics *India and the Responsibility to Protect* Alan Bloomfield,2017-07-28 Bloomfield charts India s profoundly ambiguous engagement with the thorny problem of protecting vulnerable persons from atrocities without fatally undermining the sovereign state system a matter which is now substantially shaped by debates about the responsibility to protect R2P norm Books about India s evolving role in world affairs and about R2P have proliferated recently but this is the first to draw these two debates together It examines India s historical responses to humanitarian crises starting with the 1971 Bangladesh Liberation War concentrating on the years 2011 and 2012 when India sat on the UN Security Council Three serious humanitarian crises broke during its tenure in Cote d Ivoire Libya and Syria which collectively sparked a ferocious debate within India The book examines what became largely a battle over what sort of actor modern India is or should be to determine how this contest shaped both India s responses to these humanitarian tragedies and also the wider debates about rising India s international identity The book s findings also have important and largely negative implications for the broader effort to make R2P a recognised and actionable international norm *North American Integration* Gaspare M. Genna,David A. Mayer-Foulkes,2013-07-18 The course of events since the implementation of NAFTA has had unexpected elements with significant impacts on North American integration First has been the rise of China as a larger source of imports and production partner than Mexico Second has been the rise of security concerns since September 11 2001 The result has been much stronger integration between Canada and the US than with Mexico Migration issues are now linked with security which has risen to a top priority in the international agenda While liberalization has furnished strong economic incentives for integration it has not provided a sufficient guide for the political process which requires leadership and appropriate institutions to coordinate and regulate the special interest groups A coherent and effective North American integration would be a valuable asset in the context of global integration and competition yet the issues involved are quite complex and varied North American Integration An Institutional Void in Migration Security and Development examines the current state of North American integration Editors Gaspare M Genna and David A Mayer Foulkes gather an international group of experts to give a broad coherent picture of the current multifaceted process of integration and find that institutional development is an essential component Divided into three sections the book Discuss the determinants of integration and shows that the institutional characteristics of the three countries including democracy and basic rights are the most important Provides examples of institutional building in contexts for which institutions are lacking specifically labor migration and health issues Examines issues such as overall security arrangements trade drug related violence energy and the continuing wage gap among the countries which have an important bearing on integration **The National Interest in Question** Christopher Hill,2013-08-22 This volume examines the

interaction between foreign policy making and multicultural societies It analyses the challenges of rapid social change associated with inward migration and increased ethnic and cultural diversity in ten EU Member States *American Grand Strategy under Obama* Loffmann Georg Loffmann,2017-07-03 Discover how rivalling discourses of American grand strategy reveal a fractured consensus of geopolitical identity and national security under President Obama This conflict manifested in divergent elite visions of liberal hegemony cooperative engagement and unilateral restraint Georg Lfflmann examines the identity conflict within the Washington foreign policy establishment between elite insiders and outsiders and how the Obama Doctrine both confirmed a geopolitical vision of American exceptionalism and challenged established notions of US hegemony and world leadership **The NPPF Handbook** Gregory Jones KC,Simon Neate,2025-09-04 Promising 1 5 million new homes by 2029 the new Labour government has made increased house building a central part of its growth agenda The National Planning Policy Framework NPPF is key to securing that If you really want to understand English planning policy and whether it s likely to achieve a better supply of homes economic growth less ugly more functional and higher quality places better health and well being and more biodiversity this Handbook will be invaluable In clear language it examines the meaning of the NPPF in a comprehensive and systematic way by reference to case law and appeal decisions The Handbook provides practical guidance on whether a policy paragraph has changed in substance or just its numbering Users will be able to assess whether previous authorities are still relevant Expertly co edited by Gregory Jones KC and Simon Neate MRTPI the book provides a unique commentary from a blended team of experienced specialist planning barristers from the leading planning chambers of Francis Taylor Building and planning transport and economics consultants from the international professional services firm WSP This definitive single volume guide to the NPPF will be essential reading for legal practitioners and professionals working in the field of planning [China's Coercion of States in the Asia-Pacific Region](#) Maximilian Ernst,2025-02-11 This book explains why China chooses to coerce Asia Pacific regional states despite the risk of such actions creating a backlash and complicating its strategic calculus China s coercion of neighboring states often a variation of heavy informal economic sanctions combined with diplomatic pressure and gray zone coercive measures has been increasingly observable in the past decade It has become an important tool in China s foreign policy toolbox and is frequently used by Beijing to shape the security political environment of the Asia Pacific The book begins with an appreciation of China s complicated geopolitical exposition and an understanding that such coercion creates backlash since the target state will likely be alienated and pushed into closer security cooperation with the United States China s main geopolitical rival Through two in depth case studies of Chinese coercion targeting the Philippines and South Korea respectively the book demonstrates that first the reason China coerces is that the secondary state engages in actions that fundamentally threaten China s security interests and second it will coerce these states only if other policy options geared to change the secondary state s course of action have not worked Employing balance of power theory and particularly wedge

strategies the book solves a pertinent research question and improves our knowledge of contemporary security politics in the Asia Pacific This book will be of interest to students scholars and practitioners of Asia Pacific security Chinese foreign policy and international relations **The Position of Heads of State and Senior Officials in International Law** Joanne

Foakes,2014-02-27 The legal position in international law of heads of states and other senior state representatives is at the heart of the conflict thrown up by recent changes in the international legal order The establishment of the International Criminal Court and the ad hoc criminal tribunals reflects a growing belief that heads of states and other senior state representatives should be held accountable for serious violations of international law It is now questioned whether foreign states and their officials still have immunity from proceedings concerning grave human rights abuses in national courts This book provides a comprehensive treatment of this key issue covering both civil and criminal proceedings before domestic courts and the position before international courts and tribunals The positions of both serving and former heads of states are examined and where appropriate so is that of their family members The wide variety of constitutional forms and titles enjoyed by heads of states and senior state representatives is considered and their internationally relevant powers and functions outlined The implications of recognition or lack of it are assessed together with the practical and legal consequences of loss of office and or exile in a foreign state In examining the position of heads of state and other senior representatives in foreign states attention is given to the question of immunities before the local courts and to other privileges protections and courtesies to which they may be entitled The book draws a distinction between the personal immunity *ratione personae* enjoyed by heads of states which derive from their status or office and the official act immunity *ratione materiae* enjoyed by all state officials It closely examines the relationship between state immunity as it has developed under the restrictive doctrine and the immunities to which individuals are entitled Careful consideration is given to separate regimes of international immunities such as special missions This systematic analysis of the legal position of heads of states takes into account the history of the subject relevant state practice judicial and legislative the impact of relevant international treaties and international judicial or arbitral decisions on the matter Asia's New Battlefield Richard Javad

Heydarian,2015-11-15 This compact insightful book offers an up to the minute guide to understanding the evolution of maritime territorial disputes in East Asia exploring their legal political security and economic dimensions against the backdrop of a brewing Sino American rivalry for hegemony in the Asia Pacific region It traces the decades long evolution of Sino American relations in Asia and how this pivotal relationship has been central to prosperity and stability in one of the most dynamics regions of the world It also looks at how middle powers from Japan and Australia to India and South Korea have joined the fray trying to shape the trajectory of the territorial disputes in the Western Pacific which can in turn alter the future of Asia and ignite an international war that could re configure the global order The book examines how the maritime disputes have become a litmus test of China s rise whether it has and will be peaceful or not and how smaller powers such as

Vietnam and the Philippines have been resisting Beijing's territorial ambitions. Drawing on extensive discussions and interviews with experts and policy makers across the Asia Pacific region, the book highlights the growing geopolitical significance of the East and South China Sea disputes to the future of Asia, providing insights into how the so-called Pacific century will shape up. *The Global Village Myth* Patrick Porter, 2015-02-27. According to security elites, revolutions in information transport and weapons technologies have shrunk the world, leaving the United States and its allies more vulnerable than ever to violent threats like terrorism or cyberwar. As a result, they practice responses driven by fear theories of falling dominoes, hysteria in place of sober debate, and an embrace of preemptive war to tame a chaotic world. Patrick Porter challenges these ideas. In *The Global Village Myth*, he disputes globalism's claims and the outcomes that so often waste blood and treasure in the pursuit of an unattainable total security. Porter reexamines the notion of the endangered global village by examining Al Qaeda's global guerilla movement, military tensions in the Taiwan Strait, and drones and cyberwar, two technologies often used by globalists to support their views. His critique exposes the folly of disastrous wars and the loss of civil liberties resulting from the globalist enterprise. Showing that technology expands rather than shrinks strategic space, Porter offers an alternative outlook to lead policymakers toward more sensible responses and a wiser, more sustainable grand strategy.

Israeli National Security Charles D. Freilich, 2018-03-08. National security has been at the forefront of the Israeli experience for seven decades, with threats ranging from terrorism to vast rocket and missile arsenals and even existential nuclear dangers. Yet despite its overwhelming preoccupation with foreign and defense affairs, Israel does not have a formal national security strategy. In *Israeli National Security*, Chuck Freilich presents an authoritative analysis of the military, diplomatic, demographic, and societal challenges Israel faces today to propose a comprehensive and long-term Israeli national security strategy. The heart of the new strategy places greater emphasis on restraint, defense, and diplomacy as means of addressing the challenges Israel faces, along with the military capacity to deter and, if necessary, defeat Israel's adversaries while also maintaining the resolve of its society. By bringing Israel's most critical debates about the Palestinians, demography, Iran, Hezbollah, Hamas, US relations, and nuclear strategy into sharp focus, the strategy Freilich proposes addresses the primary challenges Israel must address in order to chart its national course. The most comprehensive study of Israel's national security to date, this book presents the first public proposal for a comprehensive Israeli national security strategy and prescribes an actionable course forward.

Belt And Road Initiative, The: Implications For The International Order Moritz Rudolf, 2021-09-14. This book showcases how the People's Republic of China (PRC) has been utilizing the Belt and Road Initiative (BRI) to reshape the global order. Dissecting China's increasingly assertive international behaviour, the book demonstrates how the PRC projects its self-perception onto the international order. The book outlines five aspects of China's international role projection, which the PRC applies selectively depending on its target audience: 1. The bearer of traditional Chinese culture, 2. The humiliated nation, 3. The socialist state with Chinese characteristics, 4. The

developing state and promoter of international development 5 The authoritarian globalization optimist Drawing on an in depth analysis of hundreds of primary BRI documents the book offers a comprehensive overview of China s most crucial foreign policy agenda item It demonstrates how through the BRI the PRC has introduced mechanisms to the international level which reflect its domestic policy making mode In addition the PRC has institutionalized the initiative by establishing China centered BRI networks across a wide range of policy areas Within those emerging China centered BRI networks the PRC systematically increases its international discursive power for example by inserting Chinese vocabulary into UN resolutions or by promoting Beijing s approaches vis vis the rule of law across a range of developing states This book also further discusses the implications of the BRI for the international legal order

Adopting the Tune of Term: An Emotional Symphony within **The National Interest September October 2012 121**

In a world consumed by displays and the ceaseless chatter of instant transmission, the melodic splendor and mental symphony created by the written word often diminish into the back ground, eclipsed by the constant noise and interruptions that permeate our lives. However, located within the pages of **The National Interest September October 2012 121** a charming literary treasure full of raw thoughts, lies an immersive symphony waiting to be embraced. Constructed by a wonderful composer of language, that charming masterpiece conducts readers on a mental journey, well unraveling the hidden songs and profound influence resonating within each carefully crafted phrase. Within the depths of the moving evaluation, we can examine the book is key harmonies, analyze their enthralling writing design, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

The National Interest September October 2012 121 Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading The National Interest September October 2012 121 free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading The National Interest September October 2012 121 free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for

instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading The National Interest September October 2012 121 free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading The National Interest September October 2012 121. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading The National Interest September October 2012 121 any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About The National Interest September October 2012 121 Books

1. Where can I buy The National Interest September October 2012 121 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
