Sustainability is one of the great problems facing food production today Using cross disciplinary perspectives from international scholars working in social cultural and biological anthropology ecology and environmental biology this volume brings many new perspectives to the problems we face Its cross disciplinary framework of chapters with local regional and continental perspectives provides a global outlook on sustainability issues These case studies will appeal to those working in public sector agencies NGOs consultancies and other bodies focused on food security human nutrition and environmental sustainability Mediterranean Diet Donato F. Romagnolo,Ornella I. Selmin,2016-02-29 This text is an especially timely new

text as the number of studies focusing on the impact of the Mediterranean diet on disease prevention increases every year. The fundamental question addressed in this text is how food components and behavior of the Mediterranean diet reduce the risk of chronic diseases. In depth chapters provide an overview of preclinical and clinical studies on Mediterranean dietary patterns, food components and lifestyle and their impact on health and disease. Large scale omic approaches are highlighted to educate the reader about the molecular mechanisms through which specific components of the Mediterranean diet improves health and the opportunities and challenges for translating into practice the food recommendations of the Mediterranean pyramid. The volume concludes with information about the nutritional adequacy of Mediterranean foods and provides selected recipes. Mediterranean Diet Impact on Health and Disease will be of great interest to students, clinicians and scientists engaged in promoting health through nutrition and physical activity.

Comprehensive Textbook of Community Health Nursing Including Environmental Science (Two Volume Set), First Edition - E-Book Neerja Sood, Sakshi Chaturvedi, 2025-04-07. This book has been written with student nurses learning needs in mind and it fully covers the Indian Nursing Council's new revised syllabus for nursing degree and diploma courses.
