States to examine what changes could be seen 20 years after the original publication of *The Millionaire Next Door*. In this book the authors highlight how specific decisions, behaviors, and characteristics align with the discipline of wealth building, covering areas such as consumption, budgeting, careers, investing, and financial management in general. They include results from quantitative studies of wealth as well as case studies of individuals who have been successful in building wealth. They discuss general paths to building wealth on your own, focusing specifically on careers and lifestyles associated with each path and what it takes to be successful in each.
