smoldering Mulder and Scully in *The X-Files* Ten chapters offer critical analysis rich with background information and insider observations Production comments are given throughout Three appendices one for each series offer episode guides with original broadcast dates credits and brief synopses *The Cinema of Mike Leigh* Garry Watson, 2004 A keen observer of British manners and mores Mike Leigh has been hailed as a celebrator of ordinary people Comparing and contrasting all his films from *Bleak* *Moments* and *High Hopes* through *Naked* the Oscar nominated *Secrets and Lies* and *Topsy Turvy* to *All or Nothing* Garry Watson considers this claim examining both their influence and their effect Through careful textual detail and wider social and literary comparison with the works of Charles Dickens and T S Eliot he argues ultimately for the artistic and cultural significance of Leigh's work as one of Britain's most respected film makers *John Mills and British Cinema* Gill Plain, 2006-03-23 Although his film career extended from the early days of sound to the British New Wave and beyond Sir John Mills is nonetheless remembered as the archetypal hero of the Second World War Regarded as an English everyman his performances crossed the class divide and in his easy transition from below decks to above he came to represent a newly democratic masculine ideal But what was this exemplary masculinity and what became of it in the aftermath of war John Mills and British Cinema asks how was it possible for an actor to embody national identity and by exploring the cultural contexts in which Mills and the nation became synonymous the book offers a new perspective on 40 years of cinema and social change Through detailed analysis of a wide range of classic British films John Mills and British Cinema exposes the shifting constructions of national masculinity arguing that the screen persona of the actor is a fundamental and often overlooked dimension of British cinema **Literature and Popular Culture in Early Modern England** Andrew Hadfield, 2016-12-05 1978 witnessed the publication of Peter Burke's groundbreaking study *Popular Culture in Early Modern Europe* Now in its third edition this remarkable book has for thirty years set the benchmark for cultural historians with its wide ranging and imaginative exploration of early modern European popular culture In order to celebrate this achievement and to explore the ways in which perceptions of popular culture have changed in the intervening years a group of leading scholars are brought together in this new volume to examine Burke's thesis in relation to England Adopting an appropriately interdisciplinary approach the collection offers an unprecedented survey of the field of popular culture in early modern England as it currently stands bringing together scholars at the forefront of developments in an expanding area Taking as its starting point Burke's argument that popular culture was everyone's culture distinguishing it from high culture which only a restricted social group could access it explores an intriguing variety of sources to discover whether this was in fact the case in early modern England It further explores the meaning and significance of the term popular culture when applied to the early modern period how did people distinguish between high and low culture could they in fact do so Concluded by an Afterword by Peter Burke the volume provides a vivid sense of the range and significance of early modern popular culture and the difficulties involved in defining and studying it *Cinema, MD* Eelco F.M. The ABCs of Classic Hollywood Robert B. Ray, 2008-04-30 Speaking about the kind of filmmaking now known as Classic Hollywood the most popular and influential cinema ever invented Vincente Minnelli once gave away its secret I feel that a picture that stays with you is made up of a hundred or more hidden things They're things that the audience is not conscious of but that accumulate What are those hidden things Can we invent a method that will enable us to discover them Robert Ray attempts to answer those questions by looking closely at four movies from the 1930-1945 period when the American studio system reached the peak of its economic and cultural power *Grand Hotel* *The Philadelphia Story* *The Maltese Falcon* and *Meet Me in*

St Louis To avoid the predictable generalizations that have plagued film studies Ray works with the movies details Grand Hotel s room assignments or Meet Me in St Louis s ketchup which are treated as mysterious but promising clues By producing at least one entry for every letter of the alphabet Ray demonstrates that a movie s details have much to tell us The ABCs of Classic Hollywood is a movie primer a deceptively simple book that spells out a fascinating account of the most powerful storytelling system ever designed Godard Colin MacCabe,2014-02-18 An intimate portrait of the turmoil that spawned the New Wave in French Cinema and the story of its greatest director Jean Luc Godard Godard s early films revolutionized the language of cinema Hugely prolific in his first decade Breathless Contempt Pierrot le Fou Alphaville and Made in USA are just a handful of the seminal works he directed Godard introduced filmgoers to the generation of stars associated with the trumpeted sexuality of postwar movies and culture Brigitte Bardot Jean Seberg Jean Paul Belmondo and Anna Karina As the sixties wore on however Godard s life was transformed The Hollywood he had idolized began to disgust him and in the midst of the socialist ferment in France his second wife introduced him to the activist student left From 1968 to 1972 Europe s greatest director worked in the service of Maoist politics and continued thereafter to experiment on the far peripheries of the medium he had transformed His extraordinary later works are little seen or appreciated yet he remains one of Europe s most influential artists Drawing on his own working experience with Godard and his coterie Colin MacCabe in this first biography of the director has written a thrilling account of the French cinema s transformation in the hands of Truffaut Rohmer Rivette and Chabrol critics who toppled the old aesthetics by becoming legendarily directors themselves and Godard s determination to make cinema the greatest of the arts **Information Literacy Instruction that Works** Patrick Ragains,2013-06-27 Information literacy and library instruction are at the heart of the academic library s mission But how do you bring that instruction to an increasingly diverse student body and an increasingly varied spectrum of majors In this updated expanded new second edition featuring more than 75% new content Ragains and 16 other library instructors share their best practices for reaching out to today s unique users Readers will find strategies and techniques for teaching college and university freshmen community college students students with disabilities and those in distance learning programs Alongside sample lesson plans presentations brochures worksheets handouts and evaluation forms Ragains and his contributors offer proven approaches to teaching students in the most popular programs of study including English Literature Art and Art History Film Studies History Psychology Science Agricultural Sciences and Natural Resources Hospitality Business Music Anthropology Engineering Coverage of additional special topics including legal information for non law students government information and patent searching make this a complete guide to information literacy instruction **A Companion to Jean Renoir** Alastair Phillips,Ginette Vincendeau,2013-04-11 A Companion to Jean Renoir An extraordinary collection of essays that more than fulfills the aims of its editors Alastair Phillips and Ginette Vincendeau The essays offer exciting original work from younger scholars as well as long established authorities all of which offer

invaluable insights into the films writings and life of Jean Renoir Receiving particular attention are questions about the singularity or multiplicity of what the editors call the many Renoirs French American Indian even transnational especially from the early 1930s through the early 1960s Whether mining relatively unexplored archive materials deploying newly current methodological approaches interrogating one of a wide range of topics and issues or engaging in close textual analysis the contributors construct a tantalizing series of innovative road maps for future researchers to pursue Richard Abel University of Michigan Alastair Phillips and Ginette Vincendeau have brought together essays that bring new perspectives to both the best known and the lesser known of Renoir s films Both French cinema specialists and viewers new to Renoir s work will find much of interest in this outstanding collection Judith Mayne Ohio State University Dubbed simply the best director by Fran ois Truffaut Jean Renoir is a towering figure in world film history This exhaustive survey of his work and life features a comprehensive analysis of his films from the multiple critical perspectives of the world s leading Renoir scholars Renoir s career spanned four decades and four countries and included an extraordinary body of films some of which *La Grande illusion* 1937 and *La R gle du jeu* 1939 are universally recognized masterpieces Fathered by the celebrated painter Pierre Auguste Renoir the filmmaker lived through much of the twentieth century beginning his career in the silent era and ending it in full Technicolor His films are notable for their paradoxical combination of strong internal coherence and thematic breadth and diversity and they provide a rich source for today s scholars of film history and French culture This handbook the largest volume on Renoir ever produced in the English language ranges in scope from extreme close up analysis of individual films to long shot explorations of his aesthetics and the social and cultural contexts in which he worked The most ambitious critical study of Renoir to date this book will appeal to film enthusiasts as much as scholars and specialists
