Thoreau and the Sociological Imagination Shawn Chandler Bingham, 2008. Disciplinary disobedience: The seeds and fruit of Thoreauvian thought. Social structure and the American individual. Progress, social development and social change. Thoreau's social inquiry. Thoreau as a model for reimagining sociology. Ishmael James Baird, 2019-12-01. Originally published in 1956. In Ishmael Professor James Baird responds to the increasing secularization of Western civilization and the creation of what he calls authentic primitivism. For Baird, the aesthetic austerity of Protestantism undermined the structure of symbols created by Catholicism. In the absence of a meaningful structure of cultural authority in Western civilization, primary art took on a quasi-religious role by connecting humans to a transcendent being. Ishmael describes a new system of art beginning around 1850 that supplanted Christian symbolism. Baird examines writers who helped to create a modern authentic primitivism with emphasis on Herman Melville, whom Baird sees as a locus of change for the cultural significance of primary art. Baird provides a social history and biography of writers who participated in the primary art movement from 1850 to 1950.

Monthly Bulletin of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh, 1909. Among Our Books Carnegie Library of Pittsburgh, 1909. **Customer Experience in Fashion Retailing** Bethan Alexander, 2024-06-20. This text provides a holistic, integrated and in-depth perspective on the growing field of customer experience (CX) in a fashion context. Merging three core perspectives: academic, creative agency and retailer, the book takes a chronological approach to tracing the evolution of customer experience from the physical store to omnichannel through channel convergence to consider the future of fashion retailing and customer experience. Beginning with the theoretical perspective, customer experience evolution in a fashion retail context is traced, considering the definition of customer experience, physical retail, the digitalisation of customer experience, omni-channel retail, in-store technologies and envisioning future retail CX. The retail creative agency perspective looks at how to locate and design customer experience journeys, designing harmonised CX across retail brand environments, online and offline, responsible retailing and taking a human-centric approach to create visceral, wellbeing-based experiences. Finally, the retailer perspective explores real-life case studies of great customer experience from international brands including Zara, Nike, Ecoalf, To Summer and Anya Hindmarch. Pedagogical features to aid understanding are built in throughout, including chapter objectives and reflective questions. Comprehensive and unique in its approach, **Customer Experience in Fashion Retailing** is recommended reading for students studying Fashion Retail Management, Customer Experience, Retail Design and Visual Merchandising, Fashion Psychology and Fashion Marketing. **History of Soybeans and Soyfoods in China, in Chinese Cookbooks and Restaurants, and in Chinese Work with Soyfoods Outside China (Including Taiwan, Manchuria, Hong Kong & Tibet) (1949-2022)** William Shurtleff; Akiko

Will,1994-01-01 How can Christians bring about peace and justice in the world when Christianity seems either to claim the absolute truth about God or to dissolve into disempowering relativism James Will seeks an answer for this crucial question in the spiritual and intellectual life of the church He challenges the traditional western idea of God as omnipotent and unchanging instead offering the theory of the universal relationality of God Writing from the perspective of process theology Will says that just as God had an impact on the world so the world has an impact on God God is related and responsive to the world In the modern world where many cultures and belief systems are in contact and often conflict with one another Will s broadening of the conception of God offers an integration of many cultures and beliefs recognizing their relatedness without reducing any of them In this way Will believes the universal God may bring love and peace to a pluralistic and often divided world
