History of Intellectual Culture 1/2022 Charlotte A. Lerg,Johan Östling,Jana Weiß,2022-10-24 With concepts of participation discussed in multiple disciplines from media studies to anthropology from political sciences to sociology the first issue of the new yearbook History of Intellectual Culture HIC dedicates a thematic section to the way knowledge can and arguably must be conceptualized as participatory Introducing and exploring participatory knowledge the volume aims to draw attention to the potential of looking at knowledge formation and circulation through a new lens and to open a dialogue about how and what concepts and theories of participation can contribute to the history of knowledge By asking who gets to

participate in defining what counts as knowledge and in deciding whose knowledge is circulated modes of participation enter into the examination of knowledge on various levels and within multiple cultural contexts The articles in this volume attest to the great variety of approaches contexts and interpretations of participatory knowledge from the sociological projects of the Frankfurt School to the Uppsala based Institute for Race Biology from the Argentinian National Folklore Survey to current hashtag activism and Covid 19 archive projects HIC sees knowledge as rooted in social and political structures determined by modes of transfer and produced in collaborative processes The notion of participatory knowledge highlights in a compelling way how knowledge is rooted in cultural practices and social configurations

**Experimental Museology** Marianne Achiam, Michael Haldrup, Kirsten Drotner, 2021-06-28 Experimental Museology scrutinizes innovative endeavours to transform museum interactions with the world Analysing cutting edge cases from around the globe the volume demonstrates how museums can design apply and assess new modes of audience engagement and participation Written by an interdisciplinary group of researchers and research led professionals the book argues that museum transformations must be focused on conceptualizing and documenting the everyday challenges and choices facing museums especially in relation to wider social political and economic ramifications In order to illuminate the complexity of these challenges the volume is structured into three related key dimensions of museum practice namely institutions representations and users Each chapter is based on a curatorial design proposed and performed in collaboration between university based academics and a museum Taken together the chapters provide insights into a diversity of geographical contexts fields and museums thus building a comprehensive and reflexive repository of design practices and formative experiments that can help strengthen future museum research and design Experimental Museology will be of great value to academics and students in the fields of museum gallery and heritage studies as well as architecture design communication and cultural studies It will also be of interest to museum professionals and anyone else who is interested in learning more about experimentation and design as resources in museums The Open Access version of this book available at [www.taylorfrancis.com](http://www.taylorfrancis.com) has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**The Participatory Condition in the Digital Age** Darin Barney, Gabriella Coleman, Christine Ross, Jonathan Sterne, Tamar Tembeck, 2016-11-01 Just what is the participatory condition It is the situation in which taking part in something with others has become both environmental and normative The fact that we have always participated does not mean we have always lived under the participatory condition What is distinctive about the present is the extent to which the everyday social economic cultural and political activities that comprise simply being in the world have been thematized and organized around the priority of participation Structured along four axes investigating the relations between participation and politics surveillance openness and aesthetics The Participatory Condition in the Digital Age comprises fifteen essays that explore the promises possibilities and failures of contemporary participatory media practices as related to power Occupy Wall Street the Arab Spring uprisings worker owned

cooperatives for the post Internet age paradoxes of participation media activism open source projects participatory civic life commercial surveillance contemporary art and design and education This book represents the most comprehensive and transdisciplinary endeavor to date to examine the nature place and value of participation in the digital age Just as in 1979 when Jean Fran ois Lyotard proposed that the postmodern condition was characterized by the questioning of historical grand narratives The Participatory Condition in the Digital Age investigates how participation has become a central preoccupation of our time Contributors Mark Andrejevic Pomona College Bart Cammaerts London School of Economics and Political Science LSE Nico Carpentier Vrije Universiteit Brussel VUB Free University of Brussels and Charles University in Prague Julie E Cohen Georgetown University Kate Crawford MIT Alessandro Delfanti University of Toronto Christina Dunbar Hester University of Southern California Rudolf Frieling California College of Arts and the San Francisco Art Institute Salvatore Iaconesi La Sapienza University of Rome and ISIA Design Florence Jason Edward Lewis Concordia University Rafael Lozano Hemmer Graham Pullin University of Dundee Trebor Scholz The New School in New York City Cayley Sorochoan McGill University Bernard Stiegler Institute for Research and Innovation in Paris Krzysztof Wodiczko Harvard Graduate School of Design Jillian C York

**By Any Media Necessary** Henry Jenkins,Sangita Shresthova,Liana Gamber-Thompson,Neta Kligler-Vilenchik,Arely Zimmerman,2016 There is a widespread perception that the foundations of American democracy are dysfunctional and little is likely to emerge from traditional politics that will shift those conditions Youth are often seen as emblematic of this crisis frequently represented as uninterested in political life and ill informed about current affairs By Any Media Necessary offers a profoundly different picture of contemporary American youth Young men and women are tapping into the potential of new forms of communication such as social media platforms and spreadable videos and memes seeking to bring about political change by any media necessary In a series of case studies covering a diverse range of organizations networks and movements from the Harry Potter Alliance which fights for human rights in the name of the popular fantasy franchise to immigration rights advocates using superheroes to dramatize their struggles By Any Media Necessary examines the civic imagination at work Exploring new forms of political activities and identities emerging from the practice of participatory culture By Any Media Necessary reveals how these shifts in communication have unleashed a new political dynamism in American youth Jacket

**Visualizing the Street** Pedram Dibazar,Judith Naeff,2025-10-01 From user generated images of streets to professional architectural renderings and from digital maps and drone footages to representations of invisible digital ecologies this collection of essays analyses the emergent practices of visualizing the street Today advancements in digital technologies of the image have given rise to the production and dissemination of imagery of streets and urban realities in multiple forms The ubiquitous presence of digital visualizations has in turn created new forms of urban practice and modes of spatial encounter Everyone who carries a smartphone not only plays an increasingly significant role in the production editing and circulation of images of the street but also relies on those images to experience urban worlds and to navigate in them Such entangled forms of image making and image sharing have constructed new imaginaries of the street and have had a significant impact on the ways in which contemporary and future streets are understood imagined documented navigated mediated and visualized Visualizing the Street investigates the social and cultural significance of these new developments at the intersection of visual culture and urban space The interdisciplinary essays provide new concepts theories and research methods that combine close analyses of

street images and imaginaries with the study of the practices of their production and circulation The book covers a wide range of visible and invisible geographies From Hong Kong s streets to Rio s favelas from Sydney s suburbs to London s street markets and from Damascus war torn streets to Istanbul s sidewalks and engages with multiple ways in which visualizations of the street function to document street protests and urban change to build imaginaries of urban communities and alternate worlds and to help navigate streetscapes

*Crowdsourcing and Online Collaborative Translations* Miguel A. Jiménez-Crespo, 2017-04-11 Crowdsourcing and online collaborative translations have emerged in the last decade to the forefront of Translation Studies as one of the most dynamic and unpredictable phenomena that has attracted a growing number of researchers The popularity of this set of varied translational processes holds the potential to reframe existing translation theories redefine a number of tenets in the discipline advance research in the so called technological turn and impact public perceptions on translation This book provides an interdisciplinary analysis of these phenomena from a descriptive and critical perspective delving into industry approaches and fostering inter and intra disciplinary connections between areas in which the impact is the greatest such as cognitive translology translation technologies quality and translation evaluation sociological approaches text linguistic approaches audiovisual translation or translation pedagogy This book is of special interest to translation researchers translation students industry experts or anyone with an interest on how crowdsourcing and online collaborative translations relate to past present and future research and theorizations in Translation Studies

*Theoretical Perspectives on Fan Scholarship in the Franchise Era* Sophie Charlotte Goor, 2025-10-01 This book is a practical and theoretical guide for anyone interested in researching popular media popular culture audiences and fans Unlike most books *Theoretical Perspectives* does not talk about media texts or fan communities Instead it critically explores the workings of fan scholarship research on popular media and fan culture done by scholars who are often fans themselves showing and challenging how we have constructed certain ideas about what fans and fandom are and how to study them as a fan Analysing scholarship on two transmedia franchises The Marvel Cinematic Universe and the BBC s Sherlock with the help of extensive international participant discussion *Theoretical Perspectives* explores and unravels established popular theoretical frameworks and value systems on taste and legitimacy subversion filtering and safe spaces neoliberal capitalist realism and fannish dispositions to offer new approaches for anyone who wants to create a better understanding of fans fandom and themselves

*The Johns Hopkins Guide to Digital Media* Marie-Laure Ryan, Lori Emerson, Benjamin J. Robertson, 2014-04-15 The first systematic comprehensive reference covering the ideas genres and concepts behind digital media The study of what is collectively labeled New Media the cultural and artistic practices made possible by digital technology has become one of the most vibrant areas of scholarly activity and is rapidly turning into an established academic field with many universities now offering it as a major The Johns Hopkins Guide to Digital Media is the first comprehensive reference work to which teachers students and the curious can quickly turn for reliable information on

the key terms and concepts of the field The contributors present entries on nearly 150 ideas genres and theoretical concepts that have allowed digital media to produce some of the most innovative intellectual artistic and social practices of our time The result is an easy to consult reference for digital media scholars or anyone wishing to become familiar with this fast developing field      Celebrity Milly Williamson,2016-10-18 It is a truism to suggest that celebrity pervades all areas of life

today The growth and expansion of celebrity culture in recent years has been accompanied by an explosion of studies of the social function of celebrity and investigations into the fascination of specific celebrities And yet fundamental questions about what the system of celebrity means for our society have yet to be resolved Is celebrity a democratization of fame or a powerful hierarchy built on exclusion Is celebrity created through public demand or is it manufactured Is the growth of celebrity a harmful dumbing down of culture or an expansion of the public sphere Why has celebrity come to have such prominence in today s expanding media Milly Williamson unpacks these questions for students and researchers alike re examining some of the accepted explanations for celebrity culture The book questions assumptions about the inevitability of the growth of celebrity culture instead explaining how environments were created in which celebrity output flourished It provides a compelling new history of the development of celebrity both long term and recent which highlights the relationship between the economic function of celebrity in various media and entertainment industries and its changing social meanings and patterns of consumption      **Climate Change Integration in the Multilevel Governance of Italy and Austria** Federica Cittadino,Louisa Parks,Peter Bußjäger,Francesca Rosignoli,2022-12-19 How can subnational governments best integrate climate change considerations across policy areas Which factors contribute to successful integration With a specific focus on transport spatial planning policies and energy and water in selected cases located at the border of the Alpine region between Italy and Austria this volume shows that coordination vertical and horizontal public participation and information leadership and dedicated funding play fundamental and interlinked roles in climate change policy integration
