World War II in Global Perspective, 1931-1953 Andrew N. Buchanan,2019-02-05 A comprehensive review of World War II that offers a global level analysis Written for academics and students of history World War II in Global Perspective 1931 1953 presents a dynamic and global account of the historical events prior to during and after World War II The author a noted expert on the topic explores the main theaters of the war

and discusses the connections between them He also examines the impact of the war on areas of the world that are often neglected in historical accounts including Latin America sub Saharan Africa and the so called neutral countries This comprehensive text clearly shows how in the struggle against the Axis powers the United States replaced Britain as the global superpower The author discusses the Japanese invasion of Manchuria in 1931 and the Korean War 1950 1953 and argues that the core years of the war 1939 1945 cannot be understood without considering the turbulent events that framed them The text puts World War II in context as a series of large regional conflicts that intersected and overlapped finally emerging as a genuine world war with the formal entry of the United States in late 1941 This vital text Offers a comprehensive review of World War II that frames it in a global context Gives weight to the economic and political developments of the war Provides a robust account of the main military campaigns Contains illustrations and maps that themselves highlight little known aspects of the global war *The ^AOxford Guide to the History of Physics and Astronomy* John L.
