Teaching Nonfiction Writing K-3 Lori Jamison Rog, 2015-12-11 Today's young learners know more about their world than ever before. But if students are going to be able to use writing to learn, they must have opportunities for learning to write. That's what this book is for. A wealth of hands-on minilessons offer strategies for writing informational, persuasive, and procedural text. Each lesson starts with a learning goal and follows an I do, we do, you do format. Teachers will find a wealth of ideas for guiding young students to write about what they know and care about. *Exploring Procedures About* Frances Christie, 1990 Unlocking Writing Mary Williams, 2013-10-11 The underpinning theme of this book is how children develop as writers and how self-awareness raises achievement. The contributors offer practical advice on ways to meet the needs of boys, able children, SEN pupils, and those learning English as an additional language, how to plan effective lessons, how to be flexible within the framework of the NLS, and the role of assessment and how it contributes to self-understanding.
