The Meaning Of Blue Recovering A Contemplative Spirit:

The Meaning of Blue Luke Bell, 2014-10-15 IN HIS FIRST APOSTOLIC EXHORTATION Pope Francis wrote We need to recover a contemplative spirit The Meaning of Blue is about just such a recovery Blue is the color of heaven of purity and truth Its rarity in naturally occurring substances on earth and its abundance shining in the sky speak of the same thing a celestial light to which our culture is increasingly blind With examples drawn from both the inspired ambiguity of poetry and the depths of the Bible Fr Luke Bell shows the reader a way of knowing creation and language as manifesting divine truth and then leads further into the mystical tradition of direct contemplation of God To read Luke Bell's The Meaning of Blue is to see with new eyes to love the world afresh This very Benedictine book written by a monk with its roots sunk in prayer liturgy poetry and the sacraments aims at nothing less than transformation of the self so that we encounter life as it really is bright with the splendor of God An invaluable guide to the spiritual life by one who knows whereof he speaks Philip Zaleski editor of The Best Spiritual Writing series and co author of Prayer A History

The Artistic Vision Alex Sosler, Gary Ball, 2024-07-25 When you look at the world what do you see As an artist your creativity stems from your vision The problem in the modern world is how often one's imagination is fragmented and reduced between worship and work the body and soul the material and the spiritual Written to practicing artists and those who pastor them The Artistic Vision encourages artists who long for a greater sense of purpose and a greater sense of wholeness proposing that seeing the material world as a shadow of spiritual realities will lead them toward an expression that joins faith and practice Drawing from the Oxford Movement and artistic examples like Christina Rossetti and Flannery O'Connor Ball and Sosler present a sacramental way of seeing the world the invisible through the visible the spiritual through the material the divine through creation Interspersed with practical vignettes from artists and pastoral reflection The Artistic Vision helps artists regain an

enchanted mysterious and reverent vision of life Artists neither have to check their faith at the studio door nor produce kitschy or easy art By creating with a sacramental vision they are seeing the world charged with the grandeur of God and inviting viewers into that participation

In the Beginning was the Word Anthony Esolen,2021-12-04 In this extended meditation Anthony Esolen looks phrase by phrase at the majestic Prologue to the Gospel of John which with good reason he calls the most influential paragraph in the history of man He unfolds its theological richness by showing how the Apostle John has in mind not only what he saw Jesus do and heard him say but also the whole witness of Scripture before the time of Jesus and the way the young Church proclaimed him A unique feature of this remarkable work is how Esolen hears and we with him the Hebrew Aramaic underlying John s Greek which was not his mother tongue echoing those languages in such a way that all at once what we thought could never be more profoundly expressed bursts forth in a renewed poetic splendor that brings into ever keener relief the whole panorama of the theology of the God Man Esolen s decades long immersion in Christian poetry and Scripture uniquely positions him as a guide to the astonishing and life changing poem of the Prologue He says it best My hope is not only to illuminate what John wishes us to hear but to show that when it comes to this poetry John is not the originator he is rather the beloved disciple who caught the habit from the Lord Himself *Finding God in a Leaf* Brian Grogan,2021-04-01 God Pope Francis affirms is present in nature and he wants us to share that perspective because he believes that it can generate in us a sense of wonder awe reverence and love for nature in all its aspects This sense will make us strong enough to dedicate ourselves to the demanding task of caring for what he calls our common home When my home is under threat I will fight tooth and nail to protect it and those living in it because I love it Such commitment is needed today if our small and fragile planet is to be brought back to health Brian Grogan brings the background of Ignatian spirituality and a lived appreciation of God s creation to his book of meditations on Pope Francis Encyclical Laudato Si Rather than an exhaustive explanation of the encyclical this book serves as a daily invitation to notice in ordinary creation the invitation of God to love and care for all God s creation Read slowly each morning it could give a focus for living the day in recognising God in all things and the call of God to be a co creator of his beautiful world each day

Mahaffey,2018-10-26 In Integrative Spirituality Patrick J Mahaffey elucidates spirituality as a developmental process that is enhanced by integrating the teachings and practices of multiple religious traditions Jungian depth psychology and contemplative yoga In the postmodern world of religious pluralism Mahaffey compellingly argues that each of us must fashion a unique path to wholeness which integrates aspects of life and of the self that have become disconnected and disowned Integrative Spirituality uniquely conjoins four components exemplary religious pluralists from three traditions individuation the forms of contemplative Hindu yoga that have been successfully transmitted to the West and a presentation of two models for integrating psychological growth and spiritual awakening The book presents pioneering practitioners in each field who exemplify how we may fashion our own approach to integrating both spiritual awakening and psychological development and delineates an array of spiritual practices that integrate the somatic psychological interpersonal and spiritual aspects of life Ultimately Mahaffey contends that integrative spirituality is a mode of being that fully embraces the divinity inherent in each of us and in the world Integrative Spirituality will be essential reading for academics and students of Jungian and post Jungian studies transpersonal and Jungian psychology and religious studies and contemplative education It will also be of interest to analytical and depth psychologists in practice and in training and to anyone seeking a greater understanding of spirituality psychological growth religious traditions individuation and contemplative yoga Transylvanian Review ,2000

Breathshapes Blake Everitt,2018-03-12 Here is a writer acutely aware of the capacity of language to distort and divert from the truth His strategy is to make it diaphanous so that we can see through it His poems are thin so that they do not obscure as in Small smaller the scraps smelt in prayer attention kneeling wide open wide The result is a poetry as open to
