Black-Jewish Relations on Trial Jeffrey Melnick, 2009-09-28 An analysis of the Leo Frank case as a measure of the complexities characterizing the relationship between African Americans and Jews in America In 1915 Leo Frank a northern Jew was lynched in Georgia He had been convicted of the murder of Mary Phagan a young white woman who worked in the Atlanta pencil factory managed by Frank In a tumultuous trial in 1913 Frank s main accuser was Jim Conley an African American employee in the factory Was Frank guilty In our time a martyr s aura falls over Frank as a victim of religious and regional bigotry The unending controversy has inspired debates movies books songs and theatrical productions Among the creative works focused on the case are a ballad by Fiddlin John Carson David Mamet s novel The Old Religion in 1997 and Alfred Uhry and Jason Robert Brown s musical Parade in 1998 Indeed the Frank case has become a touchstone in the history of black Jewish cultural relations However for too long the trial has been oversimplified as the moment when Jews recognized their vulnerability in America and began to make common cause with African Americans This study has a different tale to tell It casts off old political and cultural baggage in order to assess the cultural context of Frank s trial and to examine the stress placed on the relationship of African Americans and Jews by it The interpretation offered here is based on deep archival research analyses of the court records and study of various artistic creations inspired by the case It suggests that the case should be understood as providing conclusive early evidence of the deep mutual distrust between African Americans and Jews a distrust that has been skillfully and cynically manipulated by powerful white people Black

Jewish Relations on Trial is concerned less with what actually happened in the National Pencil Company factory than with how Frank's trial conviction and lynching have been used as an occasion to explore black Jewish relations and the New South. Just as with the O J Simpson trial the Frank trial requires that Americans make a profound examination of their essential beliefs about race sexuality and power.

Black-Jewish Relations on Trial Jeffrey Paul Melnick, 2000. An analysis of the Leo Frank case as a measure of the complexities characterizing the relationship between African Americans and Jews in America. In 1915 Leo Frank, a Northern Jew, was lynched in Georgia. He had been convicted of the murder of Mary Phagan, a young white woman who worked in the Atlanta pencil factory managed by Frank. In a tumultuous trial in 1913 Frank's main accuser was Jim Conley, an African American employee in the factory. Was Frank guilty? In our time a martyr's aura falls over Frank as a victim of religious and regional bigotry. The unending controversy has inspired debates, movies, books, songs, and theatrical productions. Among the creative works focused on the case are a ballad by Fiddlin' John Carson, David Mamet's novel *The Old Religion* in 1997, and Alfred Uhry and Jason Robert Brown's musical *Parade* in 1998. Indeed the Frank case has become a touchstone in the history of black Jewish cultural relations. However, for too long the trial has been oversimplified as the moment when Jews recognized their vulnerability in America and began to make common cause with African Americans. This study has a different tale to tell. It casts off old political and cultural baggage in order to assess the cultural context of Frank's trial and to examine the stress placed on the relationship of African Americans and Jews by it. The interpretation offered here is based on deep archival research, analyses of the court records, and study of various artistic creations inspired by the case. It suggests that the case should be understood as providing conclusive early evidence of the deep mutual distrust between African Americans and Jews, a distrust that has been skillfully and cynically manipulated by powerful white people.

Black Jewish Relations on Trial is concerned less with what actually happened in the National Pencil Company factory than with how Frank's trial conviction and lynching have been used as an occasion to explore black Jewish relations and the New South. Just as with the O J Simpson trial the Frank trial requires that Americans make a profound examination of their essential beliefs about race sexuality and power. Jeffrey Melnick is an assistant professor of American studies at Babson College and the author of *A Right to Sing the Blues: African Americans, Jews, and American Popular Song*.

Rural Rhythm Tony Russell, 2021. Blending musical and social history, music historian Tony Russell looks at a vast collection of recordings from the 1920s and 1930s as a window into the world of early country music. He uncovers a wealth of forgotten stories as he focuses not only on the songs and tunes themselves but also sheds light on how they came to be recorded, the musicians who played them, and their listeners.

Screening a Lynching Matthew Bernstein, 2009. The Leo Frank case of 1913 was one of the most sensational trials of the early twentieth century, capturing international attention. Frank, a northern Jewish factory supervisor in Atlanta, was convicted for the murder of Mary Phagan, a young laborer native to the South, largely on the perjured testimony of an African American janitor. The trial was both a murder mystery and a

courtroom drama marked by lurid sexual speculation and overt racism The subsequent lynching of Frank in 1915 by an angry mob only made the story more irresistible to historians playwrights novelists musicians and filmmakers for decades to come Matthew H Bernstein is the first scholar to examine the feature films and television programs produced in response to the trial and lynching of Leo Frank He considers the four major surviving American texts Oscar Micheaux's film *Murder in Harlem* 1936 Mervyn LeRoy's film *They Won't Forget* 1937 the Profiles in Courage television episode John M Slaton 1964 and the two part NBC miniseries *The Murder of Mary Phagan* 1988 Bernstein explains that complex issues like racism anti-Semitism class resentment and sectionalism were at once irresistibly compelling and painfully difficult to portray in the mass media Exploring the cultural and industrial contexts in which the works were produced Bernstein considers how they succeeded or failed in representing the case's many facets Film and television shows can provide worthy interpretations of history Bernstein argues even when they depart from the historical record Screening a Lynching is an engrossing meditation on how film and television represented a traumatic and tragic episode in American history one that continues to fascinate people to this day

Mary Turner and the Memory of Lynching Julie Buckner Armstrong, 2011 Mary Turner and the Memory of Lynching traces the reaction of activists artists writers and local residents to the brutal lynching of a pregnant woman near Valdosta Georgia In 1918 the murder of a white farmer led to a week of mob violence that claimed the lives of at least eleven African Americans including Hayes Turner When his wife Mary vowed to press charges against the killers she too fell victim to the mob Mary's lynching was particularly brutal and involved the grisly death of her eight month old fetus It led to both an entrenched local silence and a widespread national response in newspaper and magazine accounts visual art film literature and public memorials Turner's story became a centerpiece of the Anti Lynching Crusaders campaign for the 1922 Dyer Bill which sought to make lynching a federal crime Julie Buckner Armstrong explores the complex and contradictory ways this horrific event was remembered in works such as Walter White's report in the NAACP's newspaper the Crisis the Kabnis section of Jean Toomer's *Cane* Angelina Weld Grimké's short story Goldie and Meta Fuller's sculpture Mary Turner A Silent Protest against Mob Violence Like those of Emmett Till and Leo Frank Turner's story continues to resonate on multiple levels Armstrong's work provides insight into the different roles black women played in the history of lynching as victims as loved ones left behind and as those who fought back The crime continues to defy conventional forms of representation illustrating what can and cannot be said about lynching and revealing the difficulty and necessity of confronting this nation's legacy of racial violence

The Leo Frank Case Leonard Dinnerstein, 2008 The events surrounding the 1913 murder of the young Atlanta factory worker Mary Phagan and the subsequent lynching of Leo Frank the transplanted northern Jew who was her employer and accused killer were so wide ranging and tumultuous that they prompted both the founding of B'nai B'rith's Anti Defamation League and the revival of the Ku Klux Klan The Leo Frank Case was the first comprehensive account of not only Phagan's murder and Frank's trial and lynching but also the sensational

newspaper coverage popular hysteria and legal demagoguery that surrounded these events Forty years after the book first appeared and more than ninety years after the deaths of Phagan and Frank it remains a gripping account of injustice In his preface to the revised edition Leonard Dinnerstein discusses the ongoing cultural impact of the Frank affair

Theorem 0.1 Let U be a G -module and let $\rho \in \text{Hom}(G, GL(U))$ be a representation corresponding to U . Let g be an element of G of order n . Then $\rho(g)$ is diagonalisable. $\chi_U(g)$ is the sum of eigenvalues of $\rho(g)$. $\chi_U(g)$ is the sum of $\chi_U(1)/n$ n th roots of unity.

Proof: Let $H = \langle g \rangle$. H is a normal subgroup of G .
