The Nurture Loop Neil Helgeland, 2014-12-26 This monograph is published to achieve the critical focus that is necessary in efforts to restore the grand old institution of public education to the revered status it used to enjoy and which it so richly deserves because it is so basic to all our other societal institutions This monograph is a condensation and refinement of the author's frenzied efforts to assess the relationship between the mounting disarray in our social order and the mounting problems in public education While that relationship is very complex and the prevailing sentiment seems to be confused as to whether the fault lies in the schools or society as a whole the monograph makes a strong case that the schools can be the focal point for remediation regardless of where the blame lies Happy School 365 Action Jackson, 2020-09-17 Shortlisted for Special Education Resource of the Year at the Education Resources Awards 2021 Motivate your learners to succeed with Action Jackson From motivational speaker and founder of Fix Up Seminars Action Jackson comes an inspirational guide offering a tried and tested method that enables primary and secondary teachers to motivate young people and unlock their potential for success Many learners are plagued with the fear of failure anxious about self image and apathetic towards the future Are we as educators not responsible for helping them navigate through life and empowering them to unlock their potential Happy School 365 is packed with 21 easy to implement ideas to motivate young people to achieve academic and personal success helping them to make the most of school and life build better relationships with teachers and develop a sense of self worth focus and discipline Dividing his approach into five stages the manifesto the mission the mindset the method and the miracle Jackson sets out a vision for what this method can achieve well rounded individuals who are agents of change for humanity This is the must have guide for all teachers looking to play their part in developing a generation that is happy healthy and successful **Proceedings of MAC 2018 in Prague** group of authors, 2018-05-24 The conference proceedings International Academic Conference in Prague 2018 May *Translation, Translanguaging and Machine Translation in Foreign Language Education* David Coulson, Christopher Denman, 2025-03-22 This book focuses on a wide range of topics about the current and emergent roles and uses of translation and translanguaging in the teaching and learning of foreign languages This is an area that has been gaining increasing momentum in recent years with traditional understandings and practices in the uses of translation for language instruction being challenged and in many cases disrupted by the rapid development of machine translation apps such as DeepL and the ChatGPT translator The improving quality and widespread deployment of such technologies are causing instructors and students around the world to reconsider not only their pedagogic approaches to the use of translation in the classroom but also what effective instruction looks like The contributing authors provide an up to date and detailed view of this area This includes voices from researchers and professional educators from around the world As the book's focus they examine the current and projected future roles of translation in foreign language learning and teaching within which a wide range of
