current as of 19 September 2023 INTRODUCTION The SMOG continues to go through significant improvements with each
release as a result of the collaboration of Emergency Medicine professionals experienced Flight Medics Aeromedical
Physician Assistants Critical Care Nurses and Flight Surgeons There has been close coordination in the development of these
guidelines by the Joint Trauma System and the Defense Committees on Trauma Our shared goal is to ensure the highest
quality en route care possible and to standardize care across all evacuation and emergency medical pre hospital units It is
our vision that all of these enhancements and improvements will advance en route care across the services and the
Department of Defense Unit medical trainers and medical directors should evaluate Critical Care Flight Paramedics CCFP
ability to follow and execute the medical instructions herein These medical guidelines are intended to guide CCFPs and
prehospital professionals in the response and management of emergencies and the care and treatment of patients in both
garrison and combat theater environments Unit medical providers are not expected to employ these guidelines blindly Unit
medical providers are expected to manipulate and adjust these guidelines to their unit s mission and medical air crew
training experience Medical directors or designated supervising physicians should endorse these guidelines as a baseline
appropriately adjust components as needed and responsibly manage individual unit medical missions within the scope of
practice of their Critical Care Flight Paramedics Enroute Critical Care Nurses and advanced practice aeromedical providers
The medication section of this manual is provided for information purposes only CCFPs may administer medications only as
listed in the guidelines unless their medical director and or supervising physician orders a deviation Other medications may
be added so long as the unit supervising physician and or medical director approves them This manual also serves as a
reference for physicians providing medical direction and clinical oversight to the CCFP Treatment direction which is more
appropriate to the patient s condition than the guideline should be provided by the physician as long as the CCFP scope of
practice is not exceeded Any medical guideline that is out of date or has been found to cause further harm will be updated or
deleted immediately The Medical Evacuation Concepts and Capabilities Division MECCD serves as the managing editor of
the SMOG and are responsible for content updates managing the formal review process and identifying review committee
members for the annual review The Standard Medical Operating Guidelines are intended to provide medical procedural
guidance and is in compliment to other Department of Defense and Department of the Army policies regulatory and doctrinal
guidance Nothing herein overrides or supersedes laws rules regulation or policies of the United States DoD or DA **2020**
