offered as a free PDF download from OUP and selected open access locations In October 2019 Abhijit Banerjee Esther Duflo
and Michael Kremer jointly won the 51st Sveriges Riksbank Prize in Economic Sciences in Memory of Alfred Nobel for their
experimental approach to alleviating global poverty But what is the exact scope of their experimental method known as
randomized control trials RCTs Which sorts of questions are RCTs able to address and which do they fail to answer The first
of its kind Randomized Control Trials in the Field of Development A Critical Perspective provides answers to these questions
explaining how RCTs work what they can achieve why they sometimes fail how they can be improved and why other methods
are both useful and necessary Bringing together leading specialists in the field from a range of backgrounds and disciplines
economics econometrics mathematics statistics political economy socioeconomics anthropology philosophy global health
epidemiology and medicine it presents a full and coherent picture of the main strengths and weaknesses of RCTs in the field
of development Looking beyond the epistemological political and ethical differences underlying many of the disagreements
surrounding RCTs it explores the implementation of RCTs on the ground outside of their ideal theoretical conditions and
reveals some unsuspected uses and effects their disruptive potential but also their political uses The contributions uncover
the implicit worldview that many RCTs draw on and disseminate and probe the gap between the method s narrow scope and
its success while also proposing improvements and alternatives Without disputing the contribution of RCTs to scientific
knowledge Randomized Control Trials in the Field of Development warns against the potential dangers of their excessive use
arguing that the best use for RCTs is not necessarily that which immediately springs to mind Written in plain language this
book offers experts and laypeople alike a unique opportunity to come to an informed and reasoned judgement on RCTs and
what they can bring to development **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright
