

STAR Student Report

Your child's overall results on the California Standards Tests

Your child's scale scores and performance levels:

For complete STAAR results at test.texas.gov and your district's Accountability Report Card (ARC) at www.apea.tx.gov/arc or visit for a copy of the ARC at your child's school.

How should I use these STAR Program results?

These results are one of several tools used to follow your child's educational progress. While they provide an important measure, they should be viewed with other available information about your child's achievement such as classroom tests, assignments, and grades.

These results are also intended to help assess your child's getting the best possible education. If your child is not performing at the level you would like, these results can help guide a conversation with your child's teacher in order to help focus on specific areas for improvement.
