Onwughalu, 2011-07-16 The Igbo community in Chicago is a newer immigrant community compared to the German Polish Italian or Irish communities Just as for these older immigrant communities education is essential for Igbo immigrants who have come to start a new life in the United States Adapting well and thriving in the new environment requires immigrants to tread the path of education The number of Igbo children and other such immigrants is increasing The way they are educated is important not only to the individual child but also to society Igbo children are enrolled in both public and private schools in the Chicago metropolitan area Ka umu anyi wee karia anyi So that our children will be more successful than us is one of the many reasons Igbo families in Chicago are involved in the education of their children Education of children occurs in the home the school and the community This study seeks to understand the nature of parental engagement of Igbo families in Chicago in the education of their children Not all immigrants are the same Knowing about Igbo experiences will enable scholars and educators to recognize both similarities with and differences from other immigrant communities It is immaterial whether their kind of involvement fits the prescribed or standardized form of parental involvement in the literature or in practice elsewhere The crucial question is given their circumstances are Igbo parents perceptions and practices of parental involvement promoting the education of their children in Chicago **Fundamentals of Human Resource Management** Mary Gowan, 2023-12-21 Fundamentals of Human Resource Management for Competitive Advantage delves into the essential principles and practices of human resource management with a focus on gaining a competitive edge in the modern business landscape A wide variety of learning tools in each chapter keeps students engaged and helps them bridge the gap between theoretical concepts and real world applications **The Diversity Paradox** J. Jacob Jenkins, 2013-11-22 In recent years a sense of community has declined throughout the United States This trend is especially evident among younger generations whether measured by civic participation political involvement or religious affiliation Central Community Church an intercultural congregation located in Tampa Bay's urban corridor has responded to this trend by promoting community as an organizational metaphor The Diversity Paradox Seeking Community in an Intercultural Church explores the ways in which that metaphor was co constructed by Central Community's racially ethnically diverse leaders and members as well as limitations and tensions that emerged from those efforts After surveying the three prevailing views of community community as physical space community as disembodied concept and community as communicative process Jenkins builds upon four years of ethnographic fieldwork in order to fully understand this community He concludes by introducing an original theoretical concept called the diversity paradox an emphasis placed upon one potential understanding of diversity which paradoxically limits opportunities for alternative expressions of difference The Insider's Guide to the Colleges, 2010 The Staff of the Yale Daily News, 2025-09-23 The Straight Talking Student's Guide to the Best Colleges For more than thirty five years The Insider's Guide to the Colleges has been the favorite resource of high school students across the country because it
