Civitello, 2011-03-29 *Cuisine and Culture* presents a multicultural and multiethnic approach that draws connections between major historical events and how and why these events affected and defined the culinary traditions of different societies Witty and engaging Civitello shows how history has shaped our diet and how food has affected history Prehistoric societies are explored all the way to present day issues such as genetically modified foods and the rise of celebrity chefs Civitello's humorous tone and deep knowledge are the perfect antidote to the usual scholarly and academic treatment of this universally important subject Resources in Education ,1997-05 **Research in Education** ,1969 **Florida's Snowbirds**

Godefroy Desrosiers-Lauzon, 2011-09-01 Developing numerous themes including leisure state promoted tourism citizenship and business investment Godefroy Desrosiers Lauzon considers advertisements movies policymakers and the behaviour of snowbirds in Florida to provide the most thorough study of the vacation state to date He also looks at the temporary communities of Canadians Qu becois New Englanders and Mid Westerners that develop showing how they blur the lines that

Smith,2021-03-17 Black college presidents in the era of segregation walked a tightrope They were expected to educate black youth without sufficient state and federal funding Yet in the African American community they were supposed to represent power and influence and to be outspoken advocates of civil rights despite the continual risk of offending the white politicians on whom they were dependent for funding The dilemmas they faced in balancing these conflicting demands have never been fully examined Gerald Smith s study of the long time president of Kentucky State College helps fill that void From 1929 to 1962 Rufus Ballard Atwood served as president of Kentucky State As chief administrator of the state s foremost black institution he worked closely with black educational organizations and was often chosen by whites to represent the African American community on various boards and commissions These appointments gave him access to the state s political and educational power structure and Atwood proved to be a skilled diplomat but his influence was frequently at risk In his ground breaking study Smith examines Atwood s political relationships with state officials and his efforts to improve education for African Americans in Kentucky and the nation He also appraises Atwood s contributions to Kentucky State and his relationship with faculty and students and evaluates his contributions to the civil rights movement in Kentucky Most important Smith compares Atwood s style of leadership and the circumstances he confronted in Kentucky with those of black college presidents in other southern states A Black Educator in the Segregated South offers an important look at a complex role played out by a remarkable man in an era of change and conflict *Education Summary* ,1957
