

The World on the Turtle's Back Comprehension questions

Comprehension

- 1) **Recall** How do the animals help the woman who fell from the sky?
The birds of the sea saw the woman who was falling from the sky, so they decided to help her and make a kind of feathery raft in the sky to hold her. However, the strength of birds was not too strong to carry the woman, so some birds called up the turtle who agreed to carry her on his back.
- 2) **Recall** What roles do the grandmother and her daughter play in the earth's creation?
The woman keeps taking care the plants and the earth could developed. Moreover, her daughter got pregnant for man, and she had twins, but one of them born from her mother's armpit and then the daughter died for this. However, the grandmother and the twins buried the daughter and her grave was useful to create corn, beans, squash and tobacco.
- 3) **Summarize** What is the outcome of the battles between the twins?
The right-handed twin was kind and noble and he always finds the correct way to do the things. On the other hand, the left-handed twin was destructive, because the left-handed twin just wanted to kill the other creations of his brother. As they grew to become a man, they always fought to see who was more powerful, but one would never lose, both won, so they created a kind of balance of good and evil, because good needs evil and evil needs good, that's the way that the world functions properly.
