World Economic Forums Global Competitiveness Report:

The Global Competitiveness Report 2003-2004 World Economic Forum, 2004 The Global Competitiveness Report 2003 2004 is the 24th of the World Economic Forum's annual rankings of the world's leading economies Written in a non technical language and style this report aims to appeal to a broad audience consisting of policy makers business leaders and academics

The global competitiveness report 2009-2010 Klaus Schwab, 2009 **The Global Competitiveness Report 2008-2009** Klaus Schwab, 2008 **Competitiveness of CEE Economies and Businesses** Piotr Trąpczyński, Łukasz Puślecki, Mirosław Jarosiński, 2016-07-28

This book presents peer reviewed state of the art conceptual and empirical papers devoted to changes in the international competitive position of the Central and Eastern European CEE region its countries and businesses While the unprecedented scale of transformation in the CEE region has provided a distinct research setting for international business and economics scholars for more than two decades there have also been recent discussions about the extent to which the region continues to have a unique business environment The region's economies have reached different levels of market development and modern business practice adoption with some of them now frequently classified as advanced economies Consequently the same level of heterogeneity among CEE countries can also be observed at the sector and business level The contributions in this book highlight possible sources of competitive advantage for CEE countries and firms in light of recent intensive debates about the danger of the middle income trap and the potential solutions to it **The**

Ukraine Competitiveness Report 2008 , **The Internationalisation of Corruption** Clare Fletcher, Daniela Herrmann, 2016-03-03 Corruption scandals hit the headlines all around the world across a diverse range of institutional organisational and cultural settings Corruption is a major obstacle to political social and economic development its internationalisation has had profound implications for counter corruption efforts The Internationalisation of Corruption provides readers with an analytical framework with which to approach the issue of corruption in international affairs from the perspective of international studies as an interdisciplinary space in the social sciences The authors also examine the implications of corruption in world politics international business and global finance how corruption is linked to transnational crime networks and the consequences of corruption for international development and world health The Internationalisation of Corruption addresses the following questions Inequality and Finance in Macrodynamics Bettina Bökemeier, Alfred Greiner, 2017-04-26

This contributed volume combines approaches of the current inequality debate with aspects of finance based on profound macroeconomic model analyses Research on inequality has had a long tradition in economics With the financial crisis from 2007 not only output decreased tremendously but also inequality has risen since then The book presents selected contributions of a workshop held at Bielefeld University in 2016 and features additional papers written by experts in the field A mixture of established researchers and young scholars presents both theoretical and empirical frameworks to analyze the subject **American Made** Dan DiMicco, 2015-03-03 American manufacturing is on life support at least that s

what most people think The exodus of jobs to China and other foreign markets is irreversible and anything that is built here requires specialized skills the average worker couldn't hope to gain Not so says Dan DiMicco chairman and former CEO of Nucor America's largest steel company He not only revived a major US manufacturing firm during a recession but helped galvanize the flagging domestic steel industry when many of his competitors were in bankruptcy or headed overseas In American Made he takes to task the politicians academics and political pundits who he contends are exacerbating fears and avoiding simple solutions for the sake of nothing more than their own careers and contrasts them with the postwar leaders who rebuilt Europe and Japan put a man on the moon and kept communism at bay We need leaders of such resolve today he argues who can tackle a broken job creation engine by restoring manufacturing to its central role in the US economy and cease creating fictitious service businesses where jobs evaporate after a year or two as in a Ponzi scheme With his trademark bluntness DiMicco tackles the false promise of green jobs and the hidden costs of outsourcing Along the way he shares the lessons he's learned about good leadership crisis management and the true meaning of innovation and maps the road back to robust economic growth middle class prosperity and American competitiveness
