I Speak for Earth John Brunner,2011-09-29 One citizen of your planet shall go to the capital of the Federation of Worlds He shall live there for thirty days If your representative can survive and demonstrate his ability to exist in a civilized society with creatures whose outward appearance and manner of thinking differ from his own you will pass the test You will be permitted to send your starships to other planets of the galaxy If he fails the test if prejudice fear intolerance or stupidity trip him up then you world will be sealed off from the stars for ever This was the ultimatum from space The task before the world then was who shall go What man or woman could be found to take this frightening test for the whole of humanity and be certain not to fail First published 1961

The Super Barbarians John Brunner,2011-09-29 The Acre was the only part of an entire world where Earthmen were allowed to live as they pleased and as they were accustomed For elsewhere on Quallavarra humanity was forced into servitude by the Vorra THE SUPER BARBARIANS who has somehow managed to conquer space But within the Acre the underling Terrestrials had cooked up a neat method of keeping their conquerors from stamping them out altogether They had uncovered a diabolical Earth secret the Vorra couldn't abide and yet couldn't do without

Timescoop John Brunner,2011-09-29 A Pandora's box of evil Freitas had commanded the engineers of his vast world wide empire to build him a device that could ransack the past Now all the riches of the ages were his for the taking But mere wealth was not what Freitas was after Supreme power was what he sought and from the past he picked the men and women who could help him gain absolute mastery over his rivals But one thing he had not reckoned on the power these creatures from the past would have over him the reign of terror about to begin

The World Swappers John Brunner,2011-09-29 The inhabited galaxy was caught in the crushing vice of a struggle for power The political titans of the planets of mankind were making their bids for supremacy The contestants Cornice man of strange powers authority in the spheres of the intellect and Bassett man of money power financial and business wizard As the association of human worlds drew near the teetering edge of internal revolutions one of these men would be in a position to triumph The only thing that neither side could foresee was that there were Others hovering among the stars looking for new worlds to conquer First published 1959

Born Under Mars John Brunner,2011-09-29 When mankind colonized the stars they travelled out from Earth in two directions to Centaurus and its Southern Hemisphere neighbours and to Ursa Major and the constellations around Polaris And strange to say the humans who settled on those various worlds began to develop into two differing antagonistic types For Ray Mallin born under the surface of Mars in the sparse colony of Earth's inhospitable old neighbour neither the anarchic bears nor the autocratic Centaurs commanded his loyalty So when secret agents of both galactic groupings suddenly focus their unwelcome attention on his most recent star piloting mission he knew only that something of vast significance was up and that he unknowingly was the key to it

Sanctuary in the Sky John

Brunner,2013-08-29 A cold war among the stars was growing hotter by the minute As Pag and Cathrodyne struggled for domination a hot war threatened which would rend and annihilate whole planetary systems The two master races would have consumed one another long ago but for one single factor Waystation It was a stupendous synthetic world famed throughout this galaxy For Waystation was controlled by a neutral people and until the greater powers could seize this strategic wonder planet and ferret out its secrets they were doomed to fretful inactivity But as a Cathrodyne vessel drew near to Waystation the all important balance of power stood in sudden peril The ship in itself was routine But on board was a stranger a man of undiscovered race who spoke too little and it appeared knew too much **The Ladder in the Sky** John Brunner,2011-09-29

The man in black picked up something which had been leaning beside him A ring perhaps two feet wide yet when the man in black laid it down on the floor it was as large as he was tall The light went out A bluish glow now emanated from the ring revealing Bryda s face ghastly gray as she leaned forward and Yarco s also set and serious and the conjurer s impassive And within the ring where moments before there had been the bare planks of the floor a shape that moved and opened eyes glowing like coals and spoke What world is this the awful voice inquired First published 1962 **Quicksand** John

Brunner,2011-09-29 She appeared in our world naked defenceless unable to say a word anyone could understand Her origin was at first simply a puzzle then a scientific enigma and finally a series of terrifying surmises that her most fascinated investigator was afraid to probe But probe he must for somehow he knew that this strange girl was a key to the kind of information science had sought for centuries But the more he uncovered from the depths of her mind the deeper became the quicksand into which his own was sinking First published 1967 **The Tides of Time** John Brunner,2012-12-21 First there

was the end After weeks of running from pursuers Gene and Stacy finally found refuge on an isolated island But around them the island changed and so did they Each time they awoke from sleep they lived a different life in a different time And the farther back they went the more they lost their anchor to their own world When at last they were found the people they had become no longer recognised their pursuers And that was the beginning **Total Eclipse** John Brunner,2011-09-29

Nineteen light years from Earth on Sigma Draconis an international space team stumbles upon the first evidence of another highly advanced civilization in the universe Tragically however the Draconians are extinct and have been for a hundred thousand years What mysterious disaster destroyed man s nearest neighbour in the colossal emptiness of space And will the same fate befall Earth The answers as Earth degenerates into squabbles paranoia and self destruction are vital But how to begin the almost insuperable task of cracking the enigma of a long buried and utterly alien culture **The Long Result**

John Brunner,2011-09-29 When racial hatred turns to murderous menace First a rocket ship loses its engines on take off and is destroyed On board an important extra terrestrial visitor Next someone slams into the sealed vehicle used for transporting aliens around in the lethal atmosphere of Earth Then the vital controlled environment for the Tau Cetian delegation is sabotaged Oxygen leaks in and the aliens are half burnt alive Even if it means brutal murder The Stars Are For Man League
